[illegible]

[illegible] secundum dictum Senece ad Lucillum suum discipulum

[illegible]

[illegible]

ex scientia que est capta sit habitus [illegible] determinatus seu determinatio [illegible] [illegible] tamen [illegible] ultimum [illegible] [illegible]
[illegible] scientia quelibet notitia [illegible] [illegible] sit [illegible] [illegible] seu [illegible] argumenta [illegible]
[illegible] vel [illegible] experientia etc.

~~[illegible] quelibet scientia~~

Utrum quelibet scientia sive notitia sit bona habenti eam seu ei qui eam acquisivit. Quod sic probatur: omnis notitia est bona, igitur quelibet est bona eam habenti. Antecedens patet per philosophum in principio primi de anima dicentis: bonorum honorabilium notitiam opinantes [illegible] licet ponatur infinite [illegible] solo intellectu ut ibi patet [illegible] sed [illegible] consequentia quod [illegible] qualitates aliquas [illegible] [illegible] bonitatis notitie aliquas [illegible] boni seu dicitur boni et per consequens quelibet notitia habenti eam est bona. Ad oppositum arguitur sic: illud non est bonum [illegible] quod adepto reddit malum seu vitiosum et penas demeretur; sed aliqua scientia est talis, igitur [illegible] probatio [illegible] et non [illegible] sed [illegible] patet de scientiis legum et canonum [illegible] [illegible] iniuste seu [illegible] [illegible] acquirunt scientiam [illegible] [illegible] [illegible] [illegible] nocumenta [illegible] defendendo et [illegible] suffocando etc. Et similiter [illegible] clerici et monachi prohibentur leges et certa alia et non [illegible] quod non nisi quia eis non sunt bone [illegible] quod [illegible]. Circa hanc materiam [illegible] an opposita [illegible] primo supponendo quod ipsa [illegible] duo [illegible] [illegible] supponendo et aliud [illegible] primum est [illegible] an omnis scientia sive notitia sit bona. Secundum est an omnis scientia est bona habenti eam. Licet namque sit dubitata quin videtur dici simpliciter omnem scientiam esse bonam et esse bonam bona habenti ipsam [illegible] cum supportatione [illegible] [illegible] [illegible] [illegible] dicta [illegible] ad primum [illegible] deinde de secundo [illegible] [illegible] ad ea [illegible] [illegible] [illegible] occurrit. Premitto tamen [illegible] quod licet notitia [illegible] aliquando [illegible] notitia [illegible] [illegible] est [illegible] [illegible] [illegible] tamen quod [illegible] [illegible] [illegible] error vel ignorantia [illegible] notitia sive scientia [illegible] [illegible] [illegible] sic [illegible] sed limitando solum ad notitiam [illegible] que est [illegible] [illegible] [illegible] vel [illegible] [illegible] [illegible] etc.

3a. [illegible] premissis sit conclusio prima [illegible] omnis scientia est bona. Probatur: omne ens est bonum [illegible] [illegible] non [illegible] [illegible] [illegible] quia bonum dicitur [illegible] enti [illegible] [illegible] [illegible] [illegible] sit omne volitum [illegible] non [illegible] est bonum, sed omne ens est volitum [illegible] non [illegible] [illegible] est bonum [illegible] [illegible] [illegible] deduci [illegible] quia nichil nisi bonum vel apparens bonum est obiectum voluntatis; sed [illegible] patet [illegible] quod omne ens est volitum a deo [illegible] quod omne ens est [illegible] a deo qui nichil [illegible] nisi per intellectum et voluntatem etc. ~~[illegible] nulla scientia [illegible] est de se [illegible] vel [illegible] fugienda [illegible]~~

3a. ~~[illegible] scientia est bona habenti eam~~ [illegible] [illegible] quelibet scientia naturaliter desideratur ab homine, igitur quelibet est bona. Antecedens patet in principio metaphysice [illegible] dicentis: omnes homines natura scire desiderant, quod intelligitur de [illegible] [illegible] quod non potest dari ratio [illegible] quilibet naturali appetitu desideraret bona et non alia [illegible] per appetitum [illegible] sive per voluntatem [illegible] faciat determinando se ad bona et refutando alia. Sed [illegible] [illegible] [illegible] quod appetitus naturalis cum non sit aliud nisi inclinatio cuiuscumque potentie vel active vel passive ad actum sibi [illegible] et convenientem non [illegible] nisi in bonum [illegible] quod est [illegible] [illegible] perfectivum sive perfectionis eius [illegible] [illegible] et [illegible] [illegible] ab intelligentia non [illegible] [illegible] [illegible] intellectus [illegible] [illegible] nisi in bonum [illegible]. [illegible] nulla scientia [illegible] est de se [illegible] vel fugienda patet.

3a. [illegible] scientia est bona habenti eam [illegible] quelibet perficiens aliquid est bonum ei quod perficit; sed quelibet scientia habentem perficit etc. [illegible] [illegible] [illegible] [illegible] [illegible] patet [illegible] intellectus [illegible] scientiam seu notitiam [illegible] et perfectum [illegible] [illegible] [illegible] [illegible] ad quod inclinatur naturaliter [illegible] [illegible] [illegible] [illegible] [illegible] ad [illegible] [illegible] [illegible] perfectum et [illegible] intelligitur de aliis potentiis [illegible] notitiam [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] quod [illegible] [illegible] [illegible] est [illegible] [illegible] quod est [illegible] [illegible] [illegible] intellectum [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] dicitur quod [illegible] est bonum intellectus et [illegible] de [illegible] aliis [illegible] [illegible] [illegible] aliorum [illegible] [illegible] [illegible] scientie [illegible] non est [illegible] sive de [illegible] scientie sed aliorum malorum vel errorum [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] quod dicit [illegible] 3o [illegible]
omnis malus est ignorans.

q. 3ª. Licet quelibet scientia secundum se cum sit bonum non tamen cuilibet scire omnibus temporibus secundum se esse bonum
secundo propter primum per oppositum. Respondeo per primo. Quilibet scire scientiam secundum ea aliquid potest impedire
i meliori bono respectu cuius illud scire reddit malum pater quod esse impossibile
cum maiori bono. Ad. [illegible] possit cum vocatione aliquo. ad quod ipse obligatur quo neglecto
ipse peccavit et punietur seu puniendus esset. Et aliquis scire possit aliquem reddere apud
aliquos in [illegible] et despectu. Tertio tibi scire proposito temporibus secundum scientiam aliquam licet non esse
bonum [illegible] non. Sed ante per similiter. Primo si aliquis fistulavit vel cytharizavit tempore quo debet
disputare de materiis necessariis vel certa prior in magna utilitate ecclesie. Secundo si aliquis prelatus
seu princeps ut [illegible] ad officium aliquod potestatis occupatur cum [illegible] ut aliis
frivolis operis seu ludis cum ea ad que sit obligati debent operari. Tertio si aliquis
[illegible] aut prelatorum [illegible] et [illegible] [illegible] [illegible] Ad [illegible] ut probatur esse scientia
per premissa. Quod vero dicitur quod peccatis non reddit aliquem malum vel penas meretur
sed per malitiam suam seu per errorem et ignorantiam qua licet scire ad [illegible] et qui scire [illegible]
Quod consequenter dicitur quod canones et leges non prohibent scientias nisi sed errores ut si prohibent
aliquam scientiam hoc est quod talibus multi errores sunt commixti sicut est de astrologia cum [illegible]
et aliqui prohibent aliquam quia homines [illegible] ipsis male uti ut aliis nocere sicut per
[illegible] et plures alias [illegible] et aliqui prohibent aliquos [illegible] solum ad tempus respectum
ne meliora et ad que obligati sunt negligerent vel minus debite operarentur sicut prohibentur clerici quod
prohibentur leges et medicine et cetera. Solutio tamen rationis per intuitum posteriorum.

Et [illegible] poeta [illegible] dialetica [illegible] [illegible] verum [illegible] quod [illegible] [illegible]
[illegible] homines aut metallum esse facit [illegible] [illegible] dialectica [illegible] [illegible]
[illegible] quod [illegible] dialetica non attendit [illegible] [illegible] omnia [illegible] non
credenda poeta et [illegible] poeta [illegible] [illegible] atque poeta [illegible] [illegible]
[illegible] potestas

Alanus li. 2º de [illegible] [illegible] et facies [illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] facies [illegible] macie [illegible] [illegible] [illegible] [illegible]

[illegible] macie pallore [illegible] [illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible]

[illegible] [illegible] que fiunt per ignorantiam sunt [illegible] [illegible] non [illegible]
operationibus non puniuntur sed de [illegible] ignorantia puniuntur ut si [illegible]
[illegible] [illegible] facta [illegible] ut dicit Augustinus [illegible] debet [illegible]
Secundo Tertio [illegible] male [illegible] esset [illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] esse [illegible] [illegible] [illegible]
[illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]
sicut [illegible] [illegible] non sunt [illegible] [illegible] [illegible] [illegible] [illegible] ut
dicit Augustinus [illegible] quod ignorantia [illegible] sunt [illegible] [illegible] [illegible] [illegible]
[illegible] sunt passiones [illegible] [illegible] [illegible] dicit Augustinus [illegible] aut
[illegible] [illegible] violenta [illegible] ignorantia [illegible] sunt dicit Augustinus quod aut [illegible]
[illegible] non [illegible] [illegible] omnis [illegible] non [illegible] [illegible] [illegible]
sunt [illegible] [illegible] sunt [illegible] et per [illegible] non [illegible] [illegible]

et involuntarium vel sub negacione voluntarii et privacione involuntarii ut negacio in illo apto nato
non dicit apparentem sed omnem operacionem nec saltem que innata sunt involuntarium gradum ut
sunt voluntarie et sunt involuntarie sed quia predicta sunt non sunt voluntarie quia involuntarie dicuntur quia
quia voluntatis actum preter voluntatem aut non sunt in ignorancia bene dicunt sed non vero
in potentia sunt ad predicta ad placitum quoniam hoc non est litigare de predictis verbis sed ea
summe sunt. Sed propter conveniencior philosophus ipse dicit in moralibus dico quod quia per involuntarium
non debemus intelligere simpliciter negacionem vel simpliciter privacionem actus volendi alicuius
contrario actui volendi sed per involuntarium intelligimus actum positivum contrarium actui
volendi scilicet actum nolendi ut dicit Aristoteles In involuntarium aut quod tristicie et penitudine
dicit et adhuc hoc operacio tristicie et penitudinis sed ad hoc quod dicitur involuntarium sed
quia non voluntarium debemus intelligere communiter actum volendi negativum sive sit negativum primum
sive negacionem privacionem vel sive sit aliquem actum positivum contrario sive actum contrario
ideo dicit Aristoteles quod ad propositum quia non voluntarium idem est quod contrarium ad propositum videtur quod voluntarium
dividitur potest dici simpliciter sed aliter involuntarium simpliciter dicitur voluntarium id est ipse actus
volendi dicitur sed ut si dicam volo comedere aut studere tunc comedere aut
studere est sibi voluntarium sed involuntarium dicitur voluntarium id quod inclinatum est operari ad id quod est
simpliciter voluntarium exemplum si aliquis vult intus habere et ebrius et ebrietatem in memoria
dicitur quod ebrietas et nimium sunt voluntaria involuntarie quia ebrietas est inclinatio post
sequi ad magnum potacionem et nimium ad ebrietatem et sic exemplificari
est de omissione ita exemplificari potest de obmissione exemplum tu volens
ludere vel studere in esse est quod sit quod tu post ludum vel studium dormire
fortis propono non vadere ad matutinas tunc dicitur quod dormire et
non ire ad matutinas et nolui distribucionem matutinas est voluntarium non quod
forte quod tu libenter velles habere distribucionem sed involuntarie sunt ... sunt sicut secunda
quia opus potest esse simpliciter voluntarium dicitur communiter quia actus volendi dicitur sed impossibile
dicitur quod sit aliter quia sunt impossibile non dicitur quod sit sed velleitas est exemplum tu
faceres si tu non volebas invenire thezaurum quia infortunatas sed
eum invenire multum voluisti vel invenisse et quod invento thezauro sit
simpliciter voluntarium non dicitur fieri sed velleitas fortasse est et propter quod opus potest
esse voluntarium simpliciter et involuntarie dicitur est in se et simpliciter dicitur est in facto et
sunt secunda quia sunt contrarie potest dici nos possumus sive ignorancia dicitur aliquem
vero dicitur communiter quia ad ignorantiam sit per voluntarium aliter quod non et dicitur voluntarium aliquem
simpliciter aliter involuntarie simpliciter scilicet quod de primo non dicitis nisi de illo facto
non volo facere aliquid de eo aliqualiter involuntarie potest tamen contingere sed tangere in textu 3o
ethicorum primo quod quidem volumus aliquid ipsius adeo quod sicut procedimus vel vomitus
ut contingit in potacione propter ebrietatem quod tollit vomitum sed quod
voluntas aliquam aliam ipsam operacionem quod licet non tollit ipsum vomitum tamen
impedit aspiracionem sumendi quod debemus facere ut si quis velles videre

Sed quia declinans a natura et maxime in hoc ordine quod entibus contulit non sine causa providens fuerat
hoc est eo quod omnia appetunt videlicet esse et subsistere et per consequens bono quod est ens et bonum
convertuntur ut patet in quarto methaphysice et 3° Boecii de consolatione | sed quod provenit eos esse hoc probat Boecius
quarto de consolatione dicens inter cetera prosa 2a sic: Est enim id quod in esse subsistit quod ordinem
retinet naturamque servat; nam quod ab hac deficit esse et subsistencia
etiam quod in sua natura situm est derelinquunt. Quod evidenter [illegible] et in angelo prevaricatore
qui ex eo quod derelinquens naturae ordinem [illegible] conditori ac superiori suo subesse
debuit, per tumorem superbiae eidem voluit assimilari, perdidit quod esse suum [illegible]
de angelo lucis factus est angelus tenebrarum; et ex eodem homo de immortali factus est
mortalis, et etiam in multis hominibus accidit hoc quod ipsi per inobedienciam contra naturae

dato ipsa vite religionis estimacio fuerit / magis tamen non solum circa menbrum creta

magis. unde Isidorus 3º de summo bono principes docendi sunt seniores plebis ut per eos inferiores
facilius doceantur. quod ut puto studiose caute et sagaciter reverendissime pater in-
nuit pretendit in hac sua inductione sed dicam Cassiodori libro ii epistolarum epistola prima
qui dicit provide decrevit antiquitatis iuventutem edicta quamlibet admoneri per quod

Dixi tercio quod in hac thesi innuebatur esse qualitatem medii inter superiores et inferiores
circa quod cum ipsorum quilibet debet vigilanter exerceri quod tangitur in hac dictione imperium
hec declaratur sic medium enim inter thesis ipsum mandatum quod procedit a superiore ad
inferiorem vocabulo activo ab agente in passum. quale autem ipsum mandatum debet esse
hec innuitur in hac dictione imperium quod debet esse licitum et honestum quod deduco sic
imperium enim est proprie mandatum quod procedit ab imperatore. sed qui proprie dicitur imperator
ipse non imperat nisi licita iusta et honesta quia thesis est liber et absolutus ut hic
ab omni motu seu appetitu illicito et ab inhonesta voluntate ut patet per tulium
in paradoxis dicentem sermone. aut cui liberos tradebit qui non potest cupiditatibus
suis imperare. re frenet primus libidines spernat voluptates iracundiam teneat
coherceat avariciam ceterasque animi labes repellat tunc incipiat aliis
imperare cum ipse improbissimis dominis dedecori ac turpitudini desierit parere
dum quidem hiis obediet non modo imperator sed liber habendus omnino non erit
hec ibi. similiter quod imperio superiores debet se exponere mandando inferioribus licita
et honesta ne esset causa peccati eorum sicut dicit Isidorus 3º de summo bono plerique
apud iniquos principes necessitate magis quam voto mali efficiuntur. dum
imperiis eorum obediunt. ceterum tamen superiores propter hoc non erunt immunes a peccato

defleas nec aliena mireris. Si continentiam diligis turpia fugito
antequam accidant nec quemquam alium vereberis plus quam te. Omnia tollerabilia preter
turpitudinem crede. A verbis quoque turpibus abstineto quia licentia eorum impu-
dentiam nutrit. Sermones magis utiles quam facetos et affabiles ama
rectos potius quam obsequentes. Miscebis interdum seriis iocos sed temperatos et
sine detrimento dignitatis et verecundie. Nam reprehensibilis risus est si immodicus
si pueriliter effusus, si muliebriter fractus. Odibilem quoque facit risus aut
superbus et clarus aut malignus aut furtivus aut alienis malis evocatus.
Si ergo tempus iocos exigit, hoc quoque cum dignitate sapientie gere ut te nec gravet
quisquam tamquam asperum nec contempnat tamquam vilem. Non erit tibi scurrilitas
sed grata urbanitas. Sales tui sine dente sint, ioci sine vilitate,
risus sine cachinno, vox sine clamore, incessus sine tumultu. Quies tibi
desidia erit et cum ab aliis luditur tu sancti aliquid honesti vel tractabis.
Si continens es adulationes evita sitque tibi tam triste laudari a turpibus
quam ut lauderis ob turpia. Letior esto quotiens displicens malis et malorum
de te estimationes pravas veram laudationem accipe. Difficillimum opus
continentie assentationes adulatorum repellere quorum sermones animum cum voluptate
resolvunt. Nullius per assentationem amicitiam merearis nec ad tuam promerendam
per se aditum pandas. Non eris audax nec arrogans. Submittes te non
proicies gravitate servata. Admonitiones libenter, reprehensiones patienter feres. Si merito
obiurgavit aliquis scito quia profuit, si immerito scito quod prodesse voluit.
Non acerba sed blanda verba timebis. Esto vitiorum fugax ipse, aliorum vero
curiosus scrutator non acerbus reprehensor sed sine exprobratione corrector
ita ut admonitionem hilaritate prevenias. Et errori facile veniam dato.
Nec extollas quemquam nec deicias. Dicenti esto tacitus auditor, requirenti
facilis inde, contempnenti facile cede ne in iurgia feditates discedas.
Si continens es animi tui et corporis motus observa ne indecori sint nec ideo
illos contempnas quia latent. Nam nichil differt si nemo videat cum tu ipse
videas. Mobilis esto non levis, constans non pertinax. Alicuius
te rei nec ignotam (?) sit nec molestum omnes tibi pares facias. Inferiores
superbiendo non contempnas, superiores recte vivendo non timeas. In reddendo
officio neque negligens neque exactor appareas. Cunctis esto benignus,
nemini blandus, paucis familiaris, omnibus equus. Severior esto iudicio
quam sermone, vita quam vultu. Clementie cultor, sevitie detestator.
Fame bone nec tue seminator nec aliene invidus. Rumoribus, criminibus,
suspicionibus minime credulus sed magis his qui per speciem simplicitatis
aliquibus ad nocendum surrepunt oppositissimus. Ad iram tardus, ad misericordiam pronus,
in adversis firmus, in prosperis cautus et humilis. Occultator virtutum sicut alii
vitiorum. Vane glorie contemptor et bonorum quibus preditus es non acerbus exactor

Nullius imprudentiam despicias rari sermonis ipse sis, sed loquentes patienter audias. Severus non saevus sed hilaritatem non aspernans, sapientie cupidus et docilis, que noscis sine arrogantia postulanti impertias, que nescis non occultata ignorantia tibi postula impertiri.

De iusticia

Iusticia post hec quid est? Iusticia nisi [illegible] tacita convencio nature in adiutorium multorum inventa. Et quid est iusticia nisi non nostra constitutio sed divina lex et vinculum humane societatis. In hac non est quod estimemus quid expediat, sed expedit quicquid iusticia dictaverit. Quisquis ergo iusticiam sectari desideras, time prius Deum et ama ut ameris a Deo. Amabis enim Deum si illum in hoc imitaberis ut velis omnibus prodesse, nulli nocere, et tunc te iustum virum appellabunt omnes, sequentur, venerabuntur et diligent. Iustus enim ut sis non solum non nocebis sed innocentes [illegible] prohibebis. Nam nichil nocere non est iusticia sed abstinentia alieni est. Ab hac ergo incipe ut non auferas, et ad maiora procede ut et ablata aliis restituas. Rapta tolle [illegible] aliis timide sint castiga et cohibe. Excusa [illegible] nocentis ambiguitate [illegible] nocentes sed qualitate animi speculare. Nichil interest an iures an affirmes. De religione agi [illegible] de dictate veritatis. Ita sit memorando dei innocentem et non innocentem te testem sit. Tu non turpes dictate ut iusticie turpes legem. Et si aliquem [illegible] mendacio contigit, tu non ad falsum sed ad veri custodiam. Et si contigit mendacio felicitatem redimere, non mentieris sed excusabis, quia ubi honesta causa est, iustus secreta prodit; tacenda enim tacet, loquenda loquitur, atque ita apta illi pax est et secura tranquillitas. Hec igitur si feceris, letus et intrepidus corporis tui finem expectabis. Sic aspicias tristiciam huius mundi hilaris, tumultuosa quietus, extrema securus.

His ergo institutis hec quatuor virtutum species perfectum te facient virum, si mensuram rectitudinis earum vero fine servaveris. Nam prudentia si terminos suos excedit, callida et pavida coniicie investigator latentium et scrutator criminum, cunctarum noxarum [illegible] notabilis, timidus, suspiciosus, anxius, semper aliquid timens, semper aliquid inveniens, et [illegible] suspicionibus tuis ad reprehensionem non producas, nec [illegible] digito [illegible] aspicia [illegible] et [illegible] [illegible] notabilis [illegible] [illegible] et [illegible] [illegible]. Ergo in hac ergo [illegible] prudentia immoderata producit. Quemque illa mediocri linea [illegible] si [illegible] ut obtusum [illegible] aliquid [illegible] ut acutum.

Magnanimitas animi si se extra modum suum extollat, faciet virum minacem, inflatum, turbidum, inquietum et in quascumque excellentias dictorum factorumque neglecta honestate festinantem, [illegible] omnibus [illegible] [illegible] ut bestiarii [illegible] alium [illegible] alium fugat. Sed quamvis audax sit, repugnator non multa [illegible] se [illegible] non poterit. Sed aut [illegible] appetit, fine aut [illegible] sui memoria [illegible]. Mensura ergo magnanimitatis est neque timidum esse hominem neque audacem.

Continentia hic [illegible] terminus, ne [illegible] se astringat, cave ne parcus sic, ne suspiciose et [illegible] timide manum contrahas, ne in minimis quoque [illegible] ponas et [illegible] et talis et contrario [illegible] [illegible] prodigii et luxuriosi [illegible] [illegible] avara tenacitate sordidus aut obscenus [illegible].

Iusticia postremo est eo mediocritatis itinere tibi regenda est ut sc. deu[m]
[illegible] leni in mora ac venie negligentiam sed sequatur. Deum neque de magnis
neque de minimis errantem vitiose corrigendi cura negligatur sed licentia peccandi
aut illudentibus procline permittas | neque rursum nimia rigiditate et asperitate
mentis severe et asperitatis aut benignitatis tuis humane societati durus appareas
Ita ergo iusticie regula tenenda est ut reverencia discipline eius neque nimia
negligencia communitate despecta vilescat | neque rigidiori atrocitate
duricia gratiam humane amicabilitatis amittat. Hec epilogus poterit
Si quis ergo honestatem vitam suam non tantum propriam sed et aliorum
moralis palme adduci desiderat hanc predictarum virtutum formulam pro
qualitatibus temporibus locorum personarum atque causarum eo medio
etatis itinere inspiciat quasi prerupta altrinsecus perpetua aut ruentem
temperans ipse devitet insolentiam aut deficientem puniet ignaviam | 2a etc.

Seneca lucillio salutem. Sequitur epistola prima senece ad lucillium

Ita fac mi lucilli vendica te tibi et tempus quod adhuc
aut auferebatur aut subripiebatur aut excidebat collige
et serva. Persuade tibi sic hoc esse ut scribo quedam tempora
corripiuntur nobis quedam subducuntur quedam effluunt. Turpissima
tamen iactura est que per negligentiam venit. Et si volueris
attendere maxima pars vite elabitur male agentibus magna
nichil agentibus tota vita permanet aliud agentibus.
Quem michi dabis qui aliquod precium tempori ponat qui
diem estimat qui intelligat se cottidie mori. In hoc
enim fallimur quod mortem prospicimus. Magna pars eius iam
preteriit quidquid etatis retro est mors tenet. Fac ergo
mi lucilli quod facere te scribis omnes horas complectere. Sic
fiat ut minus ex crastino pendeas si hodierno manum
inieceris. Dum differtur vita transcurrit. Omnia lucilli
aliena sunt tempus tantum nostrum est. In huius rei unius fu-
gacis ac lubrice possessionem natura nos misit ex qua
nos expellit quicumque vult. Et tanta stultitia mortalium
est ut que minima et vilissima sunt certe reparabilia sibi
dum pro consueverint imputari paciantur. Nemo se iudicat

quidem debere qui tempus accepit. cum interim hoc unum est
quod neque gratus quidem reddere potest | interrogabis fortasse quid
ego faciam qui tibi ista precipio fateor quod apud luxu-
riosum sed diligentem evenit. ratio michi constat impense
non possum dicere nichil perdere sed quid perdam et quare et quemadmodum
dicam. causas paupertatis mee reddam. sed evenit
michi quod plerisque non suo vitio ad inopiam redactis.
omnes ignoscunt nemo succurrit. quid ergo est non puto
pauperem cui quantulumcumque superest sat est | tu tamen malo
serves tua et bono tempore incipies. nam ut visum est

hodierno die placuit et hoc quoque ex alienis hortulis sumptum est:
magnae divitiae sunt lege naturae composita paupertas. Lex autem illa
naturae scis quos nobis terminos statuat? non esurire non
sitire non algere. Ut famem sitimque repellas non est necesse superbis
assidere liminibus nec supercilium grave et contumeliosam etiam
humanitatem pati, non est necesse maria temptare nec sequi castra.
Parabile est quod natura desiderat et appositum. Ad supervacua sudatur.
Illa sunt quae togam conterunt, quae nos senescere sub tentorio
cogunt, quae in aliena litora impingunt. Ad manum est quod
sat est. Cui cum paupertate bene convenit dives est. Explicit epistula. De paupertate

Seneca Lucilio suo salutem. Quod pertinaciter studes et omnibus omissis hoc unum
agis ut te meliorem cotidie facias, et probo et gaudeo, nec tantum hortor
ut perseveres sed etiam rogo. Illud autem te admoneo ne eorum more
qui non proficere sed conspici cupiunt facias aliqua quae in habitu
tuo aut genere vitae notabilia sint: asperum cultum et intonsum
caput et neglegentiorem barbam et indictum argento odium et
cubile humi positum et quidquid aliud ambitionem perversa via
sequitur evita. Satis ipsum nomen philosophiae etiam si modeste tractetur
invidiosum est. Quid si nos hominum consuetudini coeperimus excerpere?
Intus omnia dissimilia sint, frons nostra populo conveniat. Non splendeat
toga, ne sordeat quidem. Non habeamus argentum in quod solidi auri
caelatura descenderit, sed non putemus frugalitatis indicium auro argentoque
caruisse. Id agamus ut meliorem vitam sequamur quam vulgus, non ut
contrariam: alioquin quos emendari volumus fugamus a nobis et avertimus.
Illud quoque efficimus ut nihil imitari velint nostri dum timent

ne imitanda sint omnia que primum philosophia promittit sensum communem humanitatem et congregationem a qua professione dissimilitudo nos separabit. Videamus ne ista per que admirationem parare volumus ridicula et odiosa sint. Nempe propositum nostrum est secundum naturam vivere; hoc contra naturam est torquere corpus suum et faciles odisse munditias et squalorem appetere et cibis non tantum vilibus uti sed tetris et horridis. Quemadmodum desiderare delicatas res luxurie est ita usitatas et non magno parabiles fugere dementie est. Frugalitatem exigit philosophia non penam; potest autem esse non incompta frugalitas. Hic michi modus placet: temperetur vita inter bonos mores et publicos. Suspiciant omnes vitam nostram sed agnoscant. Quid ergo eadem faciemus que ceteri? nichil inter nos et alios intererit? Plurimum. Dissimiles esse nos vulgo sciat qui inspexerit propius; qui domum intraverit nos potius miretur quam supellectilem. Magnus ille est qui fictilibus sic utitur quemadmodum argento, nec ille minor est qui sic argento utitur quemadmodum fictilibus; infirmi animi est pati non posse divitias. Sed ut huius quoque diei lucelli mi tecum communicem, apud Hecatonem inveni cupiditatum finem etiam ad timoris remedia proficere. Desines inquit timere si sperare desieris. Dices quomodo ista tam diversa pariter sunt? Ita est mi Lucili; cum videantur dissidere coniuncta sunt. Quemadmodum eadem cathena et custodiam et militem copulat sic ista que tam dissimilia sunt pariter incedunt: spem metus sequitur. Nec miror ista sic ire; utrumque pendentis animi est, utrumque futuri expectatione solliciti. Maxima autem utriusque causa est quod non ad presentia aptamur sed cogitationes in longinqua premittimus. Itaque providentia maximum bonum condicionis humane in malum versa est. Fere pericula que vident fugiunt; cum effugere secure sunt: nos et venturo torquemur et preterito. Multa bona nostra nobis nocent. Timoris enim tormenta memoria reducit, providentia anticipat. Nemo tantum presentibus miser est. Vale. Sequitur epistola sexta Senece ad Lucilium

Seneca L. s. Intelligo mi Lucili non emendari me tantum sed
transfigurari nec hoc promitto iam aut spero in me super esse quod
mutandum sit. Quidni multa habeam que debeant colligi que ex-
tenuari que attolli et hoc ipsum argumentum est in melius translati animi
quod vicia sua que adhuc ignorabat videt quibusdam egris gra-
tulatio fit cum egros se esse senserint. Cuperem itaque tecum communica-
re tam subitam mutationem mei tunc amicicie nostre certiorem fiduciam habere
cepissem illius vere quam non spes non timor non utilitatis sue cura
divellit illius cum qua homines moriuntur pro qua moriuntur. Multos
tibi dabo qui non amico sed amicicia caruerunt hoc non potest accide-
re cum animos in societatem honesta cupiendi par voluntas trahit.
Quidni non possit. Sciunt enim ipsos omnia habere communia et quidem
magis adversa. Concipere animo non potes quantum momenti afferre in
singulos dies videam. Mitte inquis et nobis ista que tam efficacia
expertus es. Ego vero omnia cupio in te transfundere et in hoc aliquid
gaudeo discere ut doceam nec me ulla res delectabit licet sit exi-
mia et salutaris quam michi uni sciturus sum. Si cum ista hac
exceptione detur sapientia ut illam inclusam teneam nec enunciem
reiciam. Nullius boni sine socio iocunda possessio est. Mittam itaque
tibi ipsos libros et ne multum opere impendas dum passim profutura
sectaris imponam notas ut ad ipsa protinus que probo et miror
accedas. Plus tamen tibi et viva vox et convictus quam oratio proderit. In rem
presentem venias oportet primum quia homines amplius oculis quam
auribus credunt deinde quia longum iter est per precepta breve et efficax per
exempla. Zenonem Cleantes non expressisset si tantummodo audisset vite
eius interfuit secreta perspexit observabat illum an ex formula
sua viveret. Plato et Aristotiles et omnis in diversum itura sapientum
turba plus ex moribus quam ex verbis Socratis traxit Metrodorum et
Ermarchum et Polligenum magnos viros non scola Epicuri sed contu-
bernium fecit. Nec in hoc te accerso tantum ut proficias sed ut prosis

plurimum enim alter alteri conferimus. Interim quia diurnam tibi mercedulam
debeo, quid me hodie apud Hecatonem delectaverit dicam. Queris
inquis quid profecerim? Amicus esse mihi cepi. Multum profecit: numquam
erit solus. Scito hunc amicum esse omnibus. Vale. Explicit sexta epistola.

Seneca Lucilio salutem. Quid tibi vitandum precipue existimes queris? Turbam.
Nondum illi tuto committeris. Ego certe confitebor imbecillitatem meam:
numquam mores quos extuli refero; aliquid ex eo quod composui turbatur,
aliquid ex his que fugavi redit. Quod egris evenit quos longa
imbecillitas usque eo affecit ut nusquam sine offensa proferantur,
hoc accidit nobis quorum animi ex longo morbo reficiuntur. Inimica
est multorum conversatio: nemo non aliquod nobis vitium aut commendat
aut imprimit aut nescientibus allinit. Utique quo maior est populus
cui miscemur, hoc periculi plus est. Nichil vero tam dampnosum bonis
moribus quam in aliquo spectaculo desidere; tunc enim per voluptatem facilius
vicia subrepunt. Quid me existimas dicere? avarior redeo, ambi-
tiosior, luxuriosior? immo vero crudelior et inhumanior, quia
inter homines fui. Casu in meridianum spectaculum incidi, lusus
exspectans et sales et aliquid laxamenti quo hominum oculi ab
humano cruore adquiescant. Contra est: quidquid ante pugnatum
est misericordia fuit; nunc omissis nugis mera homicidia sunt.
Nichil habent quo tegantur; ad ictum totis corporibus expositi numquam
frustra manum mittunt. Hoc plerique ordinariis paribus et postu-
laticiis preferunt. Quidni preferant? non galea, non scuto repellitur
ferrum. Quo munimenta? quo artes? Omnia ista mortis more sunt. Mane
leonibus et ursis homines, meridie spectatoribus suis obiciuntur.
Interfectores interfecturis iubent obici et victorem in aliam detinent
cedem; exitus pugnantium mors est. Ferro et igne res geritur. Hec
fiunt dum vacat arena. Sed latrocinium fecit aliquis, occidit
hominem. Quia occidit ille, meruit ut hoc pateretur: tu quid meruisti

Frater sapiens amice domini mei ac fratres dilecti. Ex scriptis meis [illegible] debite considerare
volumus experiencia compertum est multas nostre nescientie comprobatas a natura nobis ignorancie
inclusas fuisse. quia quidem ignoranciam nostram [illegible] et scientiam experientie comprobatam
quam omnino mallemus nos oportebat miserabiliter subiugari. comparat nos
namque sicut aliqui homines non considerant. Sicut dicit textus glosa in moralibus qui luce
videt scit quid de tenebris comittat. nam qui eandem lucem ignorat etiam
obscura pro lucidis approbat. sic et nos si scientie radijs essemus illuminati
precio vendere mus quantum preciosum est nobis ignorancia quam volumus sed occupati
nos cecitate ignorancie sepius indicamus nobis non abesse sed pocius prodesse
illa ex quibus tanta corporis quam anime mala mortes prodeunt multis ac peccata
infinita. Cum autem anima nos ignorancia occupat. patet per philosophum 3° de anima quod
dicit quod anima humana in principio sue creationis est tanquam tabula rasa in qua nichil
est depictum. possibile tamen depingi. quod et innuit in prohemio methaphysice sive dicit
omnes homines natura scire desiderant. tanquam anima scire ignorat. Sed quod talis
ignorancia si amota non fuerit sit nobis multum periculosa et quam omnino malicia
patet ex eo quod scribitur boecius de consolacione philosophie dicens. quid enervacio ignorancie
cecitate. quam dicit. vero. Dicitur non esse perfectus malorum ut vult augustinus 3° ethicorum dicens
omnes malus est ignorans. quia et homines in servitutem redigit ut testatur augustinus primo
politicorum. quamvis ignorantes et natura servi sunt. scientes autem et intelligentes pruden[tes] et vig[ilantes]
et domini. Cuius racione ignorancie malicia tangere vero ratio dicitur. nec sine doctrina
vita et quam mortis ymago. cui concordat Bernardus in quibusdam dicens tolle racionem et
pena [illegible] non posse quam nescire. Et quia patet quod ex hoc ignorancia omnes in ea malicia esse et hoc
appellare quod valet [illegible] philosophus dicit. hoc dicit de spiritu scientie et ignorantie
sed eiusdem de homine sciente prestare esse. sed de ignorante non esse. Diceret hic aliquis non
credo quod tam mala esset ignorancia ut tu innuis. nam si scirem aliquid et non facerem magis peccarem
quam si scienciam ignorarem peccatum et ideo volo pocius ignorare et michi sic me sine utilibus est michi ignorare
et ut plerique dicentes talia nolunt aliquando sermonem intelligere. ut volunt lectiones audire nec
dubia inquirere sub bono et commodo suo satis facilia putant. Huic tali dicenti dicemus amice
attende illud. ignorans ignorabitur. et audite verbum ysydori 2° de summo bono. de talibus dicentes sunt
qui per ignoranciam compensacionem habere volunt ut minus culpabiles habeantur. quia tamen per hoc non
minuuntur. sed magis decipiuntur. nescire simpliciter ad ignoranciam pertinet. noluisse autem scire
ad contumaciam superbiam. velut enim esse [illegible] dominum velle nescire quid est aliud quam velle
dominum superbe contempnere. nemo igitur de ignorancia se excuset. quod datur non solum eos indiget
qui atrociter sua aiunt. sed etiam illos qui nescierunt. testante eodem domino per prophetam
Effunde homines [illegible] a facie tua et eos qui aiunt post tergum. et qui non cognoverunt
dominum. ut non investigaverunt eum. Et propheta effunde iram tuam in gentes que te non
cognoverunt hic et de talibus et de [illegible] in de [illegible] dicentibus [illegible] et hic ubi
[illegible] sibi de infirmitate vel ignorancia blanditur. qui ut liberius peccent
libenter ignorant vel [illegible] inquirunt. Amen

Item dixi quod secundum quod multi perhibent assumptum tangitur est instrumentum mediante quo est amovenda ipsa ignorantia. Secundum quod est ipsius sapientie sive scientie sinceritas, quod patet quia non enim nobis sufficeret ad ignorantie amotionem labor sive exercitium in aliis quam in ipsa sapientia sive scientia, cuius doctrinis et regulis nos uti oportet si volumus ipsam ignorantiam eradicare sive removere. Scientia enim quae speculative opponitur ignorantie est aptissimum instrumentum ad hoc aptissimum quia nec quicquam comparatur secundum ipsam ignorantiam nisi per regulas topicas posito situ removetur. Quamvis secundum vero ipse scientie quod non est ignorantie sive ignavie et pone contrarie sapientia seu scientia sive videtur instrumentum ignorantie amotivum. Verum quia dicitur quinto topicorum: si contrarium in contrario et oppositum in opposito, sed ex praemissis claruit ignorantiam esse valde malam ac magni periculi causam illativam, manifestum est etiam sive sapientiam esse valde bonam et magni boni causam collativam, secundum per rationem naturam generalis bonitatis sapientie sive scientie ostenditur. Ideo qui specialius aliquid de excellentia ipsius vult scire audiat Cassiodorum libro 2 epistolarum suarum de ipsa dicentem sic: Hec enim litterarum quod pro se in homine mortali pervigilat, quod scilicet librorum gremium feminis intentat in Xerxis bellicis[illegible] mirabilis et tacitos amat et loquentes, cuius est facie decoratum benivolentia, de prospectu placitum, de aspectu mite, quem violentia non auferet, antiquitate non corrumpit, ipsius et excellentia tangens aliam in dispositione nec dicit. Sola sapientia super omnes possessione pominet gloriosa possessio, quam sparsa colligitur, eroganda retinetur, publicata recipit incrementum; possessio nobilis scientie thezaurus in secretis penetralibus mentis innascitur, fructus intime delectationis acquiritur. Hec est sol per quem mentis intendens lucescit serenitas, delectatio animi paradisus; hec in celestia terrenum, in immortale caducum, terrenum in deum divine mutationis auctoritate convertit. Hec enim tue peregrinationis remedium, solum humane calamitatis solatium, humane noctis lucifer singularis, tenebrosis mentibus exspectata specialibus, cum ante nulla aeris caligo confudit, non deputatio terre spacium eius offendit, non alta atque altitudo prospectum eius altitudinem. Hec quoque quamvis apud multas feminas bestialiter brutescat, nimia languescat subtilitate, apud illos tamen quibus in originalis remanet ignea vividioris scintillula potenciam famis nimirum non fraudetur. Quamvis enim potentia sophistice adulationis plausibiles dehiscere applausus, tamen vere sine premio cupiditate. Hec est gloriosa potestas, hec domus est; hec forte attendens Seneca dicebat epistola prima: Hec est nemini licere posse vivere sed vix tollerabiliter quidem sine sapientie studio. Cum omnia quibus tunc a[illegible] sapientiam volentem hec dicit ultimum vite instrumentum, de qua et scribit Hugo in Didascalicon libro 2 capitulo sic: qui familiaritatem eius amare didicit et ei se prosequacionem voluit iocunda valde reddet vitam et maiorem in tribulatione prestat consolacionem. Verum quia si quis videre vellet quam gloria per plurimos de ipsa scribunt philosophia sive scientia inveniet. Propterea nemini facile posse ipsius excellentiam explere et quomodo ut aliquibus in ipsis pateat nobilitas dicam illud quod ponit Hugo in Didascalicon: Summum in vita solamen est studium sapientie, quam qui invenit felix est.

Iste dixi quod secundum quod multi philosophi assumpserunt tangitur esse instrumentum medicale quod est amouendi
ipsa ignorancia. Sed quod est ipsius sapiencie siue sciencie similitudinis ignorancie patet non enim nobis sufficere
ad ignorancie amocionem labor siue exercicium in aliis quam in ipsa sapiencia siue sciencia. cuius
doctrinis et vigiliis nos uti oportet si volumus ipsam ignoranciam eradicare siue remouere.
Sciencia enim quasi formaliter opposita ignorancie est aptissimum instrumentum ad hoc aptissimum quia
necessario contrario operatur sciencia ipsam ignoranciam non per regulam topicam positio habitu remouetur privacio
Secundo enim ista sciencie quia non est ignorancie siue ignarum et ponitur contrarie sapiencia seu
sciencia seu secundum instrumentum ignorancie amotiuum. Locus quod dicitur a contrario topicorum secundum
contrarium in opposito et oppositum in opposito sed ex quo premissis clarius
ignorancia esse valde mala ac magni periculi et dampni illatiua, manifestum est scienciam
siue sapienciam esse valde bona et magni boni et commodi collatiua. Sed et propter hoc nam
generaliter bonitas sapiencie siue sciencie ostenditur, ideo qui specialiter aliquid de excellencia ipsius
vult scire audiat Cassiodorum libro 2 epistolarum suarum de ipsa dicentem sic. Hec est litteratura que
potest se in homine mores purgare. quod sanctis ubique gratiam subministrat. in ea est lumen
mirabile et tacitos omnes alloquitur. cuius est facies de vultu benivolo. de suspecto
placitu de aspectu mite. quam violencia non aufert. antiquitate non corrumpit.
ipsius et excellencia tangit alium in de possessione. ut dicitur sola sapiencia super omnem
possessionem pertinet gloriosa possessio. quam semper colligit, erogata venit. publicata
recipit incrementum, postquam nobilius seu thezaurus in secretis penetralibus mentis
innascitur, fructus intime delectacionis acquiritur. hec est sol per quem mentis tenebras
lucescit scelus, delicia animi prodiens, hec medela seruorum in immortalitate caducum
horum in deum deifice mutacionis auctoritate conuertit. hec eterni tue peregrinationis

cuius nec splendidissimi spalis. cuius acie nulla aeris caligo confudit. non despectus
terre apparuit cuius officiat non alia altitudo perspicuitati eius obtendit. hec quoque cum
apud multos sepius bestialiter bruteserat. nimia languescat vilitate. apud
illos tamen qui in originalis vanitatis ignis redegerunt scintillula penetratis famis
nimirum non prandetur, comunibus enim per tenera fantastice adulacionis plausibus et
descripcione applausu, tamen vere fame premio respicitur, hec est gloriosa proprietas hec est
hoc forte attendens Seneca dicebat epistola sexta post plurima. Scio neminem bene
posse viuere sed nec tollerabiliter quidem sine sapiencie studio. cum omnia quibus tunc aliquo

libro 2 racione sic quis familiaritatem priorum amare didicerit et ei se perseueranter voluit
iocunda valde reddet vita et maxime in tribulatione prestat consolacionem
verum quod si quis vide vellet quod et gloria per quam plurimos de ipsa scribunt philosophi siue sciencia

tumore superbie a vobis deposito in modum theoricam humilitatis assumatis ut sic equalis
absque maior a minimis fratrum fructus acquirendo possetis tandem eiusdem omnia
cupiositatis adimpleri. Unde Hugo in didascalicon: Sapiens siquidem doctrina [illegible] quod sic
incipit [illegible] est cui omnia scire [illegible] sicut [illegible] quisque est qui non aliquid [illegible]

expetit. Sapientior omnibus erit qui ab omnibus discere voluit, quia qui ab omnibus accipit
omnibus ditior erit. Sed qui omnia legere non potest utiliora tollat. Bonus itaque lector
humilis esse debet et mansuetus, a curis inanibus et voluptatum illecebris alienus,
ab omnibus libenter discat et numquam de sua scientia presumat, non videri doctus sed esse
querat, dicta sapientum intellecta diligat, sed que non intelligat non statim in vituperium

Ignorantia quedam est negativa que scilicet sciendi negat non debitum sciendi potentie et hec simpliciter excusat. De qua magister Sententiarum li. 2 d. 22 ... dicitur quod aliquid nescit ut minus perfecte aliquis scit scienti ignorantia hoc sine ignorantia est dicenda est que ignorantia non ... nisi cum id quod scire et non ignorantiam dicitur nescit. Alia ignorantia est privativa scilicet que sciendi negatur aptitudinem cum sine debitum sciendi potentie et hec in eis que pertinent ad salutem excusat a tanto sed non a toto. De hac magister Sententiarum d. 20 talis quia ignorantia pena peccati est cum mente intus obscuratur ne comprehendere valeat que scire debet ... 22 de libero arbitrio quia ignorantia est ... que volunt scire sed non possunt que excusat que est pena peccati ... Nullum sic excusat ut eterno igne non ardeat sed fortasse ut mitius ardeat sine minus.

Item est ignorantia dispositionis scilicet que ponit errorem sine deceptionem ... sciendi recte et hec in hiis que pertinent ad salutem ... non excusat ... abusus ... Laici non tenentur ad noticiam decalogi et fidei prout in duplici simbolo
continetur [illegible] xxxviii di. [illegible] sicut in eorum aliqui minus capaces qui
articulos simboli distinguendo et assignare non valent cum tamen credunt que in simbolo
continentur credunt et quod ignorant simpliciter fidei veritatem in misterio [illegible]
quod si ignorant illam distinguere ut proprie dicit credendo ut superius ipsorum credunt
excusantur ipsi ecclesie in credendo et fide sua committendo. Ignorancia tamen eorum que
publice promulgantur ad laicos pertinencia non excusat eos [illegible] quod [illegible]
[illegible] di. [illegible] quod dicitur. Ignorancia non minus canonum excusat aliquos et
aliquos non, cum et iuris canonici constitutiones per quas dispensantur peccata
et has tenentur scire presbiteri curam animarum habentes et confessores, non autem ita
tenentur alii clerici et multo minus laici. Sed et ipsi presbiteri et alii clerici
qui sunt in maiori gradu constituti secundum [illegible] plura scire tenentur [illegible] di.
in decreto di. [illegible] [illegible] [illegible] senectus ut nobilitas
[illegible] [illegible] et nimis credibile [illegible] forte et debilitet et salutis
[illegible] neglegat qui et rebellis [illegible] et [illegible] bona [illegible]
magis diaboli [illegible] esse ostendit et pocius in fidelem quam fidelem
monstravit. [illegible] [illegible] eadem di. [illegible] elaborandum est [illegible] sacer-
dotibus ut ignorancia a se [illegible] pestem abiciant. [illegible] voluntate domini sui et non facit [illegible] vapulabit [illegible] non tamen [illegible] de
omnibus intelligitur [illegible] aut apostolus [illegible] ignorabitur. Et in eadem di. [illegible]
[illegible] ignorancia [illegible] noxia sacerdotibus [illegible] in
[illegible] [illegible] sacerdotes [illegible] admonentur legere scripturas [illegible] apostolo
Paulo dicente ad Thimotheum attende lectioni exhortationi doctrine [illegible]
[illegible] [illegible] sacerdotes scripturas [illegible] et canones et omne opus
eorum in predicatione et doctrina consistat atque edificent cunctos tam fidei scientia
quam operum disciplina. Et in eadem di. Leo episcopus Constantinopolitanus [illegible] in laicis
[illegible] intollerabilis inscientia quanto magis in hiis qui presunt [illegible]
[illegible] [illegible] digna [illegible] instructa sacerdotum [illegible]
[illegible] indigna [illegible] aut [illegible] sacerdotum [illegible] in eadem
di. [illegible] Augustinus libri [illegible] sacerdotibus necessaria sunt ad discendum ut
[illegible] liber lectionarius antiphonarius [illegible] canonum penitencialis
psalterium omelie per circulum anni dominicis diebus et singulis festivitatibus apta
[illegible] omnibus si unum defuerit sacerdotis nomen vix in eo constabit quia
valde periculose evangelice sunt [illegible] di. [illegible] si cecus ceco ducatum
prestet ambo in foveam cadunt. Ignorancia non minus similiter aliquibus [illegible]
militibus [illegible] [illegible] et minoribus [illegible] [illegible] non
[illegible] aut in [illegible] [illegible] alique [illegible] [illegible] non
ut patet q. iiii. Ignorancia facti alia est facti indifferentis ad salutem ad
salutem ut ad officium et hec excusat ut patet [illegible] [illegible] quod in macello
venditur [illegible] [illegible] [illegible] de [illegible] q. iiii [illegible]
[illegible] vocavit [illegible] ad cenam [illegible] appositum fuerit
comedite [illegible] [illegible] [illegible] idolis immolatum
est nolite comedere [illegible] vocatum ad cenam non oportebat [illegible]

oppositas in dolis possunt violatas. Item alia est ignorantia facti ~~necessarii~~ necessarii
ad officium ut in presbytero quod sit factus maximus in proposito et hec non excusat. Alia
est facti necessarii ad salutem ut quod Christus est passus et hec non excusat in singulis articulis
de quibus dicitur .i. q. iiii. quod oportuit scire sic. ignorantia videtur et velle per consilium
quia ea que appetit de proprio fuerunt sine [illegible] ad hunc ignorat et [illegible] completa
cum debuit audire expectata vitium. Hec nemini excusat. Item ignorantia facti
alia facti proprii alia facti alieni. Et proprii aut est quando dedit operam rei licite
illicite et tunc non excusat. aut rei licite et tunc aut adhibuit diligentiam
debitam et sic non excusat a toto sed a tanto. Et aut sit facti alieni. aut
est ignorantia probabilis scilicet de quo non requiritur quod sit nimis diligens et curiosus in
inquirendo vel quod sit nimis negligens et sic excusat et maxime si verba
non essent publice notoria. Si autem fuerint publice notoria ut ea quibus dicitur
se ignorare ea que publice sit tota patria facti. Talis ignorantia non excusat et precipue
si teneretur talia exponere facti alieni. Item ignorantia quedam est invincibilis alia vincibilis
quod dicitur [illegible] et non est invincibilis aut est reducta per omnem culpam
aut per culpam precedentem ... aut [illegible] procedat ... ut in [illegible] que caret
omnino usu rationis et hec excusat a toto. aut non tollit omnino usum rationis sed
plenum et tunc non excusat a toto ut in [illegible] qui non sunt plene furiosi
sed habent aliquando lucida intervalla et in pueris qui sunt capaces aliquo modo precepti
et doli licet non plene. Et aut est propter culpam ut in ebrio et furioso quorum
[illegible] se precipitavit in hoc propter suam culpam. Sic excusat saltem a tanto. Hec est
[illegible] excusat. Vide de hac [illegible] theologia [illegible]. Item ignorantia invincibilis non
est peccatum nisi forte accidat excusatio precedens. De qua dicit philosophus in .3. ethicorum
quod ebrius duplici [illegible] meretur. Et aut est ignorantia vincibilis
quedam est affectata quedam crassa et supina. affectata est a desiderando
sicut cum quis appetit ignorare ut liberius possit peccare seu placet ei nescire
et hec non excusat sed accusat et maxime [illegible] ea que quis scire tenetur. De hac [illegible]
[illegible] summo bono [illegible] volle nescire quam aliud est
quod velle [illegible] supplicando [illegible]. De hac [illegible] de [illegible] fidelibus [illegible]
[illegible] ut [illegible] ut liberius peccent libenter ignorant ut
[illegible]. Item ignorantia crassa et supina eadem est que alio nomine vocatur neglecta
[illegible] ignorantia [illegible] negligentia sicut cum quis non facit tantum quantum posset et deberet
facere [illegible] quod sciret et dicitur crassa quia crassi et pigri sunt tardi et supina
[illegible] quia negligentes sunt [illegible] ut [illegible]

dicere michi nunc sufficit verba thematis preaccepta congrue posse referri ad statum
nostrum distinctum premissa sic dicendo dic[ite] filie. Et verba ista ipsis nunc fuerit
Volo tamen quod aliquis moveat si quod verba premissa dirigit singulariter et non in numero plurali
filiis predictis et quorumlibet plurali individui convenit in ad statum spiritualium dicitur singula-
riter ut in ipso ostenditur indicando non intendere nisi bonum proprium delectabile et honestum
et sic efficiens nisi bonum quia bonum et bonum dilectum quod quanto multiplicatur et quod non dicunt
nisi verba tamen in bonum conveniunt quod verbo uno exprimat quod propter thematis nunc petent
quidque nisi bonum ut verba bona sit in nomine salvatoris ad regentes autem dicitur
singulariter ut ipsi non sonando subditos proinde erat generaliter unitatis violatam et potius
sive durabile quod propter et cetera nunc ... propter discordias divisi existentes quod omne
regnum in se divisum desolabitur sed sonando ipsi existentes bonum eo quod omne quod bonum est

plurium in spiritualibus quem ipse et elegit sublimando, ac licet summa diligencie ad
hoc fuerit aliquid appositum ex quo dominus deus non semper in omnibus vult specialis
per immortala opera cum hominibus, propter non oportet negare ipsum per dominum deum esse electum
immo quod sit electus per eum, propter facillime probari tamen apostoli argumento proprietates

Ut sciant celebrantes qualiter se habere debeant circa deffectus seu
negligencias in missa circa sacramentum occurrentes, legant infrascripta
diligenter eadem memorie firmiter commendando.
Sacerdos postquam misse officium incepit, ullo modo imperfectum relinquat legittimo impedimento cessante.
Sacerdos si ante consecrationem corporis et sanguinis domini morte seu infirmitate gravi seu alio obstante
occupetur, misse officium non debet per alium suppleri. Si vero post consecrationem
corporis tantum ante consecrationem calicis seu post consecrationem utriusque hoc accidit
tunc presbiter alius perficiat ad finem misse officium incipiendo ubi mortuus
seu infirmus cessavit. Sed si constat quod sunt dicta illa verba hoc est enim
corpus meum vel eciam illa hic est calix sanguinis mei etc. tunc presbiter
succedens debet incipere post ista verba. Si autem primus sacerdos inceptis
verbis que sunt de forma consecrationis corporis vel et calicis et ipsis non perfectis
defficeret tunc succedens debet resumere super totum dicere quod est de forma
consecrationis corporis et similiter fiat circa calicem. Si primus defficeret in forma calicis
similiter si primus incepta oracione et eadem non completa defficeret secundus debet
eam de novo incipere. Si autem non constat ubi primus sacerdos dimisit
et dubium sit si verba consecrationis dixit et perfecit presbiter succedens potest
consecrationem repetere atque perficere quia non dicitur iteratum quod nescitur
esse factum. Tamen ne ulla fiat iteracio sacramenti vel aliquis scrupulus
erroris vel dubitacionis remaneat consulcius et cautius est ut oblata
quam primus sacerdos incepit benedicere reservetur studiose. Presbiter qui succedit
quod alia oblata recipiat et super ipsam et calicem totum canonem repetat
hostia non reservata sumatur post finem misse a ministro vel ab alio quo etc.
Sacerdos in altari postquam incepit consecrationem si recordetur se aliquid comedisse
vel bibisse debet inceptionem perficere et sumere sacramentum. Similiter eciam si
recordetur se commisisse seu in consciencia habere aliquod peccatum eciam si sit
mortale perficiat officium penitendo corde cum proposito confitendi et satisffaciendi.
Similiter fiat si meminerit se excommunicacionem alicuius subiacere. Habeat tamen propositum
petendi absolucionem inpta totum suum posse. Si vero ante consecracionem alicuius
peccatorum sit memor et maxime maledictionis et excommunicacionis tucius
est quod missa incepta deserat si non timet scandalum.
non timet penitencie.
b Si autem presbiter ex levi infirmitate debilitetur debet
pausare stando sive sedendo donec convalescat et tunc incipiat
ubi dimiserat et finiat officium per se ipsum.
Item si post consecrationem corporis sed ante consecrationem sanguinis sacerdos perpiciat
vinum vel aquam non esse in calice debet statim apponere et consecrare calice
tamen non elevando. Si vero postquam dixit verba consecrationis sanguinis perpiciat
quod aquam non apposuit debet nichilominus procedere aquam non apponendo quia
apposicio aque non est de necessitate sacramenti. Debet tamen puniri graviter
negligencia hoc contingit. Si autem post verba consecrationis sanguinis perpiciat
vinum non fuisse positum in calice et si istud percipit ante sumpcionem corporis
tunc debet effundere aquam si ibi fuit que si fuit statim corpore sumpto ipsam
qua quidem aqua effusa debet denuo infundere vinum cum aqua
nam sine apposicione aque verum est sacramentum dummodo non obmittatur animo
inducendi heresim sed sola obliuione vel negligencia aqua si obmittatur

Jo. an.
pe. ma.

Quidam tamen dicunt si sacerdos in tali casu non percepit prius solam aquam esse in calice nisi postquam ipsam sumpsit quod tunc non debet de novo consecrare calicem eodem die quia tunc non esset ieiunus propter aquam quam sumpsit. Tamen credo hoc esse faciendum ubi timetur magnum scandalum exsurgere si aliter consecratur.

et reincipere verba per que fit consecratio sanguinis ab illo loco Simili modo postquam cenatum est etc. cum omnibus orationibus sequentibus que sunt in canone misse dicendo. Nec nocet si aliqui inpetrant verba que ad sacramentum corporis referuntur sicut sunt illa panem sanctum vite eterne et illa sacrosanctum filii tui corpus etc. quia per illa verba non conficitur corpus sed solum per ista hoc est corpus meum. Tamen in hoc casu sacerdos repetens verba canonis sine interruptione corporis non supposito non debet super hostiam consecratam signa facere que iam sunt facta quia debet obmittere duas cruces que singulariter super hostiam fieri consueverunt. Verumptamen si maius ipso timetur scandalum ex prorogacione seu prolongacione misse dicendo canonem usque ad finem, extunc sacerdos incipiens ab illis verbis simili modo postquam cenatum etc. dicat usque ibi in mei commemoracionem facietis. Si autem sacerdos non prius percepit solam aquam esse in calice nisi postquam ipsam in ore sumpsit tunc si sine scandalo fieri potest debet ipsam reponere de ore in calicem in ipsam

non transglutiendo

et servare cum reverentia in sacrario propter corpus Christi quod in ipsa fuit, et debet postea de novo infundendo vinum et aquam et consecrando iuxta premissa aquam non de ore emissam postea sumat. Et licet aliquis in tali casu aquam

Bes thos

sumptam ad os transglutit, hoc tamen non obstante debet vinum cum aqua infundere et consecrare ut premissum est, et sumere, quia preceptum de perfectione sacramenti maioris est ponderis quam quod precipit sumi ieiunis, quia divine institucionis est modo sumere sub pane et vino conficere, sed communicare ieiunos est de lege humana et eodem facit si post sumptum corporis vinum deesse percipit.

Bone thos etc.

Quidam tamen volunt quod si sacerdos post sumptum corporis percipit vinum deesse tunc debet recipere aliam hostiam et simul cum sanguine consecrare et sumere non obstante si prius sumpsisset aquam cum corpore Christi. Et tunc canon debet resumi ab illo loco hanc igitur oblacionem etc. Tamen credo quod sufficit prius modus, nec oportet quod recipiat aliam hostiam ad consecrandum cum sub sola specie vini sit totus Christus. Et si sacerdos considerat quod obmiserit aliqua que dicere debuit si illa non fuerunt de necessitate sacramenti non oportet quod ea resumeret sed procedat solum devote. Si non certificatur se obmisisse aliquid eorum que sunt de necessitate sacramenti sicud est forma consecracionis quia ipsa est de necessitate debet resumere a forma consecracionis. Forma autem consecracionis corporis hec est: Hoc est enim corpus meum.

Sanguinis

Forma autem consecracionis est ista: Hic est enim calix sanguinis mei novi et eterni testamenti misterium fidei qui pro vobis et pro multis effundetur in remissionem peccatorum. Et hec forma consecracionis calicis est securior licet aliqui non omnia ista dicunt esse de forme essencia. Licet tamen sacerdos probabiliter sciat se obmisisse hec dictione enim in forma consecracionis credo quod non oporteat ipsum resumere formam quia hoc verbum enim non est de essencia forme, peccat tamen esset premeditate qui hoc obmitteret vel aliquid aliud. Nec potest aliqua ignorancia excusare.

Item si musca aut aranea vel aliquid aliud tale in calice ante consecracionem sanguinis ceciderit aut etiam venenum deprehendatur esse in missa, debet effundi et ablui

Veneno

calice de vino et aliud vinum infundi consecrandum. Si autem post consecracionem sanguinis aliquid horum ceciderit, debet musca vel aranea seu aliquid aliud quod intus ceciderit capi caute et diligenter lavari vino et comburi et ablutio simul cum cineribus in sacrarium mitti vel ipsam ablucionem sacerdos post missam

Extra de cele. missa. c. si sacerdos percipit defectum vini in calice antequam aquam sumat tunc si potest apponere novam hostiam et vinum sine scandalo tunc apponat et incipiat a Te igitur. Si autem non potest sine scandalo tunc procedat et tollat de pede possit et non capere aquam sed dimittere in calice et dicere officium et post recessum populi possit apponere vinum et hostiam et incipere a Te igitur etc. Tamen sufficit esse prius predicta

seu ministro sumat sacerdos si sine periculo et absque nausea fieri potest
Si non venenum deprehenderit ibi adesse in missa nullomodo debet sacerdos sumere
nec altari dare nec calicem vite servare in morte. Sed debet diligenter in aliquo
vasculo ad hoc apto cum reliquiis conservari | et loto calice aliud vinum
infundatur denuo et resumendo a consecratione sanguinis ~~sacramentum perficiat~~ sacramentum
seu sacrificium perficiat. Item si sacerdos post verba consecrationis videt vinum
Jo. an. conversum in sanguinem visibilem vel hostiam in carnem non debet illa
sumere sed in unde pro reliquiis servare. | Vel sanguinem in baptisterium mittere
et carnem concremare in cinerem et in baptisterium ponere | tamen potius servandum est
Item si ex nausea sacerdotis celebrantis sanguis exierit vel nausea supervenerit
recipiatur in aliquo vasculo ne sancta contaminentur et tempore nausee vel
ore abluto reincipiat consilenter ubi dimisit Item sicut superius vel
ex alio casu hostia de manibus sacerdotis ceciderit nichil debet innovari nec
~~mutari~~ reiterari sive fuit ante consecrationem hostie sive post | tamen si post consecrationem
aliquid de corpore christi ceciderit super lapidem lignum vel super terram | radatur locus
que tetigit corpus christi et pulvis abrasus in sacrario sive cum reliquiis
reponatur vel etiam pulvis comburatur et cinis in sacrario seu in altari reponatur
Si autem ceciderit super palla altaris vel super aliud vestimentum tunc illa pars palle
debet ablui vino et abluto recondi iuxta altare vel potest sumi in potu
ministro et non est necesse quod excidatur | si non aliquis propter cautela vellet
excidere et comburere vel in reliquiis reponere licet periculum bene posset
Item si quis cito sumpto corpore christi nausea patitur vomitus super piscina seu
comburatur et pulvis in piscina mittatur Si tamen aliqua particula corporis christi ibi
videatur vel si corpus christi infirmo datum reiecerit illud reverenter suscipiatur
et contritum cum vino mediante sumatur sacerdos si integrum nequeat recipi
Scs Tho. et si horror sit illud sumere tunc pro reliquiis custodiatur seu servetur
hoc tamen in vomitu observandum est quod ubicunque species corporis christi integre
inveniuntur sive revomite observande vel etiam sumende quia manentibus
speciebus manet ibi corpus christi. Sed non in quibus inquinatis inveniuntur
comburenda sunt si commode fieri potest cinis in sacrario recondendo
Item si sacramentum in calice congelatum fuit sacerdos debet tandiu ibi expectare
donec glacies solvatur quod si sic solvi nequeat adhibeat ignem
Ric. Item si ante transsubstantiacionem vini hoc est ante verba consecrationis sanguinis aliqua
pars de calice effusa fuit super pallas tunc mutentur palle [illegible]
corporale si perfuderit et celebrans suum officium consequatur. Si totum effunditur
debet denuo aliud vinum et aquam infundere et incipere ibi simili modo postquam cenatum est
sacerdos si usque illuc vel ulterius modicum devenisset alias incipere ubi dimisisset
vel si hoc contingerit ante transsubstantiacionem panis tunc possit recipere alia oblata
et reincipere ibi hanc igitur oblacionem premissa tamen confessione
Si non post transsubstantiacionem vini aliqua pars sanguinis effunditur si commode fieri possit
officium sit. Si ante totum effunditur ita quod nichil sacerdos consequatur
enorme est tunc sacerdos debet denuo infundere vinum et aquam et incipere ibi
Ma(tthe)us simili modo postquam et cetera sed secundum aliquos debet sive etiam recipere alia oblata et consecrare
cum calice et incipere ibi hanc igitur oblacionem et primam hostiam sive consecratam
servare et post missam ipsam dare ministro vel servare pro infirmis | tamen non est
necessarium alia oblata recipere ad consecrandum vel etiam prius est tacta aliqua

Item si post consecrationem aliquid de sanguine stillaverit super terram, lapidem vel super lignum lingendum est sive lingua lambetur et ille locus radendus est et abrasum comburatur et cinis intra altare sive in loco sacro condatur. Si autem super altare calice stillaverit sorbeat minister stillam et lintheamina que tetigit stilla sive sanguis Christi tribus vicibus lavet minister, scilicet est sacerdos calice subtus posito et aqua ablucionis sumatur vel iuxta altare recondetur

scdm thom.

posset etiam impotu (summum) amistro nisi propter abhominacionem dimittet. Quidam autem solum partem illam lintheaminis incidunt et comburunt et cinerem in altari vel sacrario reponunt et hoc est cautum. Tu puto quod etiam lavatur secundum corporale palla vel casula etc. sanguine Christi contacta / sacerdos debet primo sugere

Guilhel.

sanguinem extrahendo quantum potest. Guilhelmus etiam hoc distinguit dicentes: Si aliquid de sanguine ceciderit super corporale sugatur sacerdos diligentius fieri potest et lavetur ter in calice et aqua locionis post missam sumatur, deinde corporale recondendum est et in loco reliquiarum servandum. Si non palla altaris intincta sanguine fuit vel casula seu alba pars sanguine madidata post locionem debet excidi et pro reliquiis servari non comburendo. Sed si super quodcumque vestimentum prophanum id est non consecratum aliquid sanguinis ceciderit pars tincta post ablucionem debet excidi et comburi et cinis in loco sacro reponi. Et hoc bene potest sustineri cum sit rationabile.

Guil.

Si sacramentum fuit sordida vetustate corruptum sive perditum igne comburendum est et cinis iuxta altare sepeliendus intelligitur ubi non appareret species sacramenti.

Item primo sic. Quia probatur quod lex est regula et mensura actuum humanorum per
inducit aliquos ad agendum vel ab agendo retrahit. Sed ex lege [illegible]
quae obligat ad agendum regula aut et mensura humanorum actuum
[illegible] actuum humanorum [illegible]
[illegible] agendis [illegible] autem [illegible]
[illegible] et mensura regula [illegible]

Item arguitur 3o sic philosophus dicit in 2o ethicorum intentio legislatoris est ut
inducat homines ad virtutem [illegible] Isidorus dicit
[illegible] ethicorum [illegible] lex et statuta [illegible]
[illegible] aliqua [illegible]
[illegible] lex [illegible] efficaciter inducat
ad virtutem ut philosophus dicit [illegible] ethicorum

Item arguitur 4o ex quo potest colligi diffinitio legis que nichil est aliud
quam quedam rationis ordinatio ad bonum commune ab eo qui
curam communitatis habet promulgata

Item Ysidorus 5o ethimologiarum quod lex a legendo vocata est quia scripta est

Item quod potest Augustinus dicit in primo de libero arbitrio lex que summa ratio
nominatur non potest cuiquam intelligenti non incommutabilis eterna
videri [illegible] quod sit supra deum et nichil est aliud lex quam quoddam
dictamen practice rationis in principe qui gubernat aliquam communitatem
perfectam. Manifestum est autem supposito quod mundus divina providentia
regatur ut in primo habitum est quod tota communitas universi gubernatur ratione
divina et ideo ipsa ratio gubernationis rerum in deo sicut in principe
universitatis rationem legis habet. Et quia divina ratio nichil
concipit ex tempore sed habet eternum conceptum ut dicitur proverbiorum 8 inde
est quod huiusmodi legem oportet dicere eternam [illegible]
promulgatio fit verbo et scripto et utroque modo lex eterna habet
promulgationem ex parte dei promulgantis quia et verbum divinum est eternum
et scriptura libri vite est eterna. Sed ex parte creature audientis aut
inspicientis non potest esse promulgatio eterna

Item arguitur 2o [illegible] dictum est supra deum est lex [illegible]
regula et mensura dupliciter potest esse in aliquo uno modo sicut

sicut in regulante et mensurante. alio modo sicut in regulato et mensurato quia in quantum participat aliquid de regula vel mensura sic regulatur vel mensuratur. Unde cum omnia que divine providentie subduntur a lege eterna regulentur et mensurentur ut ex dictis patet, manifestum est quod omnia participant aliqualiter legem eternam in quantum scilicet ex impressione eius habent inclinationes in proprios actus et fines. Inter cetera autem rationalis creatura excellentiori quodam modo divine providentie subiacet in quantum et ipsa fit providentie particeps sibi ipsi et aliis providens. Unde et in ipsa participatur ratio eterna per quam habet naturalem inclinationem ad debitum actum et finem. Et talis participatio legis eterne in rationali creatura lex naturalis dicitur. Unde cum Psalmista dixisset sacrificate sacrificium iustitie quasi quibusdam querentibus que sunt iustitie opera subiungit multi dicunt quis ostendit nobis bona. Cui questioni respondens dicit signatum est super nos lumen vultus tui domine quasi lumen rationis naturalis quo discernimus quid sit bonum et malum quod pertinet ad naturalem legem nihil aliud sit quam impressio divini luminis in nobis. Unde patet quod lex naturalis nihil aliud est quam participatio legis eterne in rationali creatura. 2a r.

Et sic patet quod prima directio actuum nostrorum ad finem fiat per legem naturalem. 2a r. in solutione ad 3m. Dicit quod etiam animalia irrationalia participant rationem eternam suo modo sicut et rationalis creatura. Sed quia rationalis creatura participat eam intellectualiter et rationaliter ideo participatio legis eterne in creatura rationali proprie lex vocatur. Nam lex est aliquid rationis ut supra dictum est. In creatura autem irrationali non participatur rationaliter unde non potest dici lex nisi per similitudinem.

Item 1 art. iiij° queritur utrum sit aliqua lex humana. Dicit quod sic. Et 2a probatio sumitur ex hoc quod ratio humana non potest participare ad plenum dictamen rationis divine sed suo modo et imperfecte. Et ideo sicut ex parte rationis speculative per naturalem participationem divine sapientie inest nobis cognitio quorundam communium principiorum non autem singulorum veritatis cognitio sicut in divina sapientia continetur. Ita et ex parte rationis practice naturaliter homo participat legem eternam secundum quedam communia principia non autem secundum particulares directiones singulorum que tamen in eterna lege continentur. Et ideo necesse est ulterius quod ratio humana procedat ad particulares quasdam legis sanctiones. Et huiusmodi vocatur lex humana.

sit [illegible] legis [illegible] sit [illegible]
[illegible] legis sit bonos [illegible]
[illegible] legis [illegible] bonum [illegible]

ad imperium divinae maiestatis prout quod per legem homines fiant boni simpliciter. Bonus autem intentio
legislatoris fertur ad id quod non est bonum simpliciter sed utile vel delectabile vel quod repugnat
iustitiae divinae, tunc lex non facit homines bonos simpliciter sed secundum quid, scilicet in ordine ad
tale regimen. Sic etiam bonum invenitur in per se malis, sicut aliquis dicitur bonus
latro quia operatur accommode ad finem. Ad primum dicendum quod duplex est virtus, scilicet acquisita et infusa.
Ad utrumque autem aliquid operatur operum assuetudo, sed diversimode: nam virtutem
acquisitam causat, ad virtutem autem infusam disponit et eam iam habitam
conservat et promovet. Item ad secundum. Item ad 3m dicendum quod bonitas cuiuslibet partis consideratur in
proportione ad suum totum, unde et Augustinus dicit in 3 Confessionum quod turpis est omnis
pars quae suo toti non congruit. Cum igitur quilibet homo sit pars civitatis, impossibile est
quod aliquis homo sit bonus nisi sit bene proportionatus bono communi, nec totum
potest bene consistere nisi ex partibus sibi proportionatis. Unde impossibile
est quod bonum commune civitatis bene se habeat nisi cives sint virtuosi, ad minus
illi quibus convenit principari. Sufficit autem quantum ad bonum communitatis quod alii in tantum
sint virtuosi quod principum mandatis obediant, et ideo Philosophus dicit in 3 Politicorum quod eadem
est virtus principis et boni viri, non autem eadem virtus cuiuscumque civis et boni
viri.
Item art. 2 Ysidorus 5 Ethymologiarum: omnis lex aut permittit aliquid, ut vir fortis
praemium petat, aut vetat, ut sacrarum virginum nuptias nulli liceat petere,
aut punit, ut qui caedem fecerit capite plectatur. Respondeo: [illegible] humanorum
actuum autem quidam sunt actus boni ex genere, qui sunt actus virtutum, et respectu horum ponitur legis
actus praecipere vel imperare; praecipit enim lex omnes actus virtutum ut dicitur 5 Ethicorum.
Quidam vero sunt actus mali ex genere, sicut actus vitiorum, et respectu horum lex habet prohibere.
Quidam vero ex genere suo sunt actus indifferentes, et respectu horum lex habet permittere, et
possunt dici indifferentes omnes illi actus qui sunt vel parum boni vel parum
mali. Id autem per quod inducit lex ad hoc quod sibi obediatur est timor poenae, et quantum ad hoc
ponitur legis effectus punire. Ad tertium: punire non pertinet ad quemlibet, sed punire non
pertinet nisi ad ministrum legis cuius auctoritate poena infertur, et ideo punire non
ponitur actus legis, sed solum praemiare. Ad tertium: per hoc quod aliquis incipit assuefieri
ad vitandum mala et ad implendum bona propter metum poenae, perducitur quandoque ad hoc quod
delectabiliter et ex propria voluntate hoc faciat, et sic lex etiam puniendo perducit
ad hoc quod homines sint boni.
Item q. 96 art. 3 Philosophus dicit in 3 Politicorum post Socratem quod idem est virtus boni civis et boni viri
simpliciter. Dicitur autem civis et alius [illegible] quod dicitur civis is qui potest agere ea quae sunt
civium, puta consilium vel iudicium, a quo postea [illegible] quod aut civis dicitur potest
quicumque civitatem inhabitat et etiam personae et pueri et senes qui non sunt
idonei ad hoc quod habeant potestatem in his quae pertinent ad commune

X et reverencia debita epyikie pertinet

Et non quod hoc est disciplinatis ne fratrem inquietet tedium propterea non audeo nisi dicam tibi quod epyikia pertinet per Aristotelem. Nam et primus elucidans magnitudinem virtutis qua tenet locum disciplinae decus per providendo laudabile tamen omnibus eorum et quod pertinet virtutibus prelatis et proprie superioribus obediencie non tamen ad quod tenet in bonis [illegible] et hoc ne ordini in repugnando quod res singulas eius disposuit prout ordine suo propterea in suis quod singula sua expetit officia superioribus non resistendo sed ordinate [illegible]

Et spectat reverencia debita epyikie iusticia enim qua pium et [illegible] magis si licet in allegando attendendo verbum apostoli Romanis reddite omnibus debita cui tributum tributum cui vectigal vectigal cui timorem timorem cui honorem honorem nemini quicquam debeatis

Et hic liberalitas [illegible] adiuta et expressa [illegible] quod hic per epyikiam [illegible] ad ipsam [illegible] extimati quod epyikia per ethicos eo deperitur ad optimam quia in honestate nobis innata quod adiuvat eam excedere ad omnem confirmacionem operacionis et leges [illegible] prima et maxima supplicacio distribucionis ut sed in ingressu forte affectata excusacione eorum non [illegible] aliqua sentencia de legibus nec nacionis veritatibus.

quia quo ad bonum thesauri suffragia quantum ad pene alicuius dimissionem valet quia hoc
quod pro meritis eorum bonum alii applicantur / et non ex parte cuiuslibet operis eorum aliis
ex parte dicuntur prodesse ad quandam attritionem consolationem ut dictum est.

Et si aliquis diceret quod ex missa sufficientia suffragiorum quantum petitur
sacrificium altaris est efficacius ad pene delectionem propter rationem gratie
et hoc propter attritionem publicam que est ipsius corporis ut supra.

Ad hoc dici potest quod bonum missa valebit pro omni pena tollenda
quia non videtur posse deus nisi diminuendo cum gratie alicuius et
attritionem ipsius corporis ut / et similiter non debet sufficere ad omnem
penam tollendam. vel que partibus pene proportionentur. vel quod bonum
minus prodesset quam alia illorum et quod ex parte eorum aliorum ne puniatur
nisi dicatur hoc esse voluntatis et ordinationis divine si hoc facile omnia

hoc esset ex meritorie remissionis legentis dignitate seu applicantis quantum ad

Nota. Propter premissa non intendo maliciose derogare excellentissime sanctitati alterius oblationis. Non et doctoris predicti opinionem de modo suffragiorum efficacissimum esse nego. Sed tamen concedo quod responsiones Petri et Alberti quod per se ipsorum personam non respondent beati Thome prealligati [illegible] aliquibus videtur [illegible] hanc materiam fundare responsionem ipsorum non apparet michi solucio [illegible] suffitiens ad principalem interrogationem. Sed quod suffragiorum [illegible] sit efficacior ad celeriorem animarum de purgatorio liberationem maiorem cum [illegible] et ex modis ut expallegat doctoribus ~~[illegible]~~ patet. Potest esse magis vel minus efficax [illegible] ut remissionem devotionis fervoris principalis ac [illegible] suffragantibus ac ex aliis circumstantiis ad penae purgatorie remissionem

Respondetur primo quod difficile ~~[illegible]~~ ad principale quesitum simpliciter videre maiorem cum [illegible] non potest [illegible] pene delendi suffragiorum alicui convenientem nisi per aliquem [illegible] petere et penas [illegible] posse [illegible] diffiniri.

Secundo premissis quod ex certa premissa ~~[illegible]~~ ad [illegible] nec quod dicti [illegible] doctorum dictis repugnante [illegible] licet non [illegible] tamen quantum ad aliquod [illegible] forte [illegible] ponere propositione ad quesitum principale [illegible] aliquid attemptabo.

Et licet certa [illegible] oportunia est distinctio et aliqualis expressa determinatio quam alter indico dicendum esse de suffragiis illis quod aliquam [illegible] sua disponunt et aliis [illegible] committunt.

Et alias ~~[illegible]~~ quod tenetur facere suffragia pro aliis [illegible] potest. Non tamen [illegible] libere [illegible] secundum [illegible] dispositionem superioris alterius et [illegible] de alio qui libere ex nullo debito ac obligatione eligit alicui [illegible] ut [illegible] pro suffragia [illegible]

Dico quod omnibus [illegible] ut dixi [illegible] solum de ultimo sed libere suffragio quod sit efficacior pro accelerando liberationem.

Salva aliorum determinatione maiorisque informatione ac correctione prout [illegible] dignabit [illegible] doctorum prout [illegible] et non [illegible] ut premissi dicere aliquid attemptabo

Pro quo primo presuppono illud quod ponit beatus Thomas [illegible] [illegible] [illegible] et solutione [illegible] suffragia [illegible] valet [illegible] opere operante et ex opere operato et dico opus operatum non solum [illegible] sed effectum [illegible] operatione [illegible]

communiter dicitur quod efficacia satisfactionis invenitur in tribus satisfactionis
partibus scilicet virtute totius potentie in partibus eius quidem completa [illegible]
invenitur et in aliis diminute [illegible] invenitur in [illegible]
Sed in sensibilibus invenitur diminute et adhuc magis diminute in vegetabilibus
quia anima sensibilis includit virtute vegetativam et non e contra / Elemosina
includit in se virtute orationis et ieiunii duplici ratione. Primo quia
elemosina cum eam dat constituit debitorem orandum et ieiunandum
et alia bona quod potest faciendum pro eo qui dedit. Secundo quia elemosina [illegible]
data quia quidem oblatio deo facta bonum [illegible] et dicitur in ecclesiastico [illegible]

prima autem pars autem sermonis augetur patet per primam partem dicti quod dicit beatus thomas
Martini iiij — secunda secunde quaestione clxxxviij articulo vj Supradictum est quod eleemosyna spiritualis
sit corporalibus potior et magis pertinet ad obsequium dei
Nota. cui nullum sacrificium magis est acceptum quam zelus animarum ut
dicit Gregorius super ezechielem homilia xij et loquitur ibi beatus thomas de dispensatione
praedicationis et aliorum quae pertinent ad salutem et aliis pia doctrina et eleemosyna
spiritualis quae proprie dicitur hic zelus
patet et probatur per autem per auctoritatem sancti patris quod ponit magister henricus de
hassia in tractatu de discretione spirituum allegando Richardum
nota dicentem Si probasset dubius nichil sic placet deo nichil sic placeat
deum quomodo zelus animarum nescio si pro hoc a deo maius
quid accipere in hac vita quam ut eius ministerio perire homines
a malis mutentur et diaboli filii dei efficiantur hec ille
Item idem in eodem Nemo dubitat quin valde desideravit emendationem
et reductionem aliorum a via salutis et pronunciatur zelus liberationis
miserorum a malis culpe pene et errorum si fuit pie
Nota. compassioni animorum et discretione accepti atque discretionis moderamine
regulatus etc. et ille meretur ut cum zelo et ardore ad dei
gloriam pro salute aliorum peccatorum recipiat consolationes et spectaculorum
celestium spectacula hec ille Danieli quia vir desideriorum erat revelata
fuit liberatio populi israel etc. et sic bene videri potest per primum fundamentum hec ille
Exemplum patet primo per hoc quod Danieli quia fuit vir desideriorum
fuit revelata liberatio populi quare zelatoribus animarum
facile deo etiam arcana revelantur ut ipso capite providerunt
et in eodem zelo defunctorum
Exemplum patet quia sit commendata eleemosyna spiritualis proprie
quae consistit in conductione aliorum. cuius magnitudinis excellentia
patet hic exemplo quod dicit beatus thomas secunda secunde quaestione clxxxviij articulo
vj. Summum gradum in religionibus tenent quae ordinantur ad
nota. docendum et praedicandum et propinqua sunt perfectioni episcoporum et
secundum gradum tenent hii illi qui ordinantur ad contemplationem
tertium autem gradum dicunt eorum qui occupantur circa exteriores actiones

ut credat aliquis simplicium [no] possit in summo elemosina spiritualis poni
consistere in conductione aliorum per predicationem et non est aliud studium
quod disponit ad predicandum et ad exercendum se tam in vita contempla-
tiva quam in activa. De hoc qui vult potest videre [deum] articulum
iii. quinte partis secundum Clippeatum in 2a 2e secundum Thomam qui hic ponit
[illegible]

Sed contra [pro pena] quod et suffragia pro penis. Deus enim
acceptissima et ut credibile est ad defunctorum liberationem celeriorem
efficacissima est cum elemosina in summe conductione aliorum
per predicationem ut alia [ad] penitentes pro directione elargita.
Patet quia talis elemosina efficit pro qua elemosina spiritualis et zelo animarum
prestitos. Non est minor quam ipsa spiritualis elemosina meditanda.
Et ut deus est placatus [illegible] omnium utilitate quam ad aliorum
suffragiorum ut patet deus est. Et includit in ipsa ut in opere operato.
[illegible] et effectus quod se multiplicat diversorum conductione et directione [illegible]
sunt alii potissimi et quanto plures tanto magis melius perficitur
ut patet in ex parte voluntatis predicantis et potius et expediendis
in fortibus et clarius forte [illegible] et tale elemosina reddit. Et
acceptissima [illegible] aliis ipsa predicatione [illegible] debent
Ad [illegible] dicto licet non credit quod elemosina [illegible] immediate sit [illegible]
in contra non esse efficacior aliis suffragiis pro animabus
ad celeriorem defunctorum de pena liberationem. Ad hoc tamen
potius facienda est ipsa pro vivorum conductione et [illegible]
alia pro mortuorum celeriori liberatione vel alleviatione de [illegible]
quod libere potest facere illa et illa ad alterum non [illegible]
[illegible] sicut [illegible] bonum quod [illegible] potest facere [illegible] dictante potius est
faciendum magis bonum quam minus bonum [illegible] magis [illegible] bonum est
[illegible] quod ad spiritualia [illegible] defunctis in
vivorum conductione elemosina potius est facienda. [illegible] non [illegible]
[illegible] et [illegible]

P[ri]mo patet autem cum hec quod magis bonum sit subvenire vivis quam
defunctis. Patet sic: pro cohortatione liberatorum mortuorum ipsi mortui contentantur
solummodo quadam bona accidentali [illegible] quia civitas liberatur [illegible]
multum a pena temporali.
Sed vivi autem eruditi debent a peccatis [illegible] multum
aliquod preceptum contentantur bono eterno / quod merentur premium
essentiale vite eterne / sed magis bonum est mereri premium eternum
vite eterne quam [illegible] accidentale [illegible] pro quid

Item probatur secundo. Illud est potius faciendum per quod bonum plus meretur.
Sed subveniendo vivis magis [illegible] promovetur [illegible]

Item [illegible] est potius faciendum quod mortuis et pluribus vivis potest
[illegible] quam mortuis [illegible] sed sic est
[illegible]

Item [illegible] est magis subveniendum [illegible] magis necessarium et indigentius
Sed vivis [illegible] salutis [illegible]
[illegible]
[illegible]

Item aliud est potius faciendum pro mortuis quod ipsi mortui
eligerent. Sed ipsi potius eligerent [illegible] quam esset de
salute animarum [illegible] quam se non pati temporalia
purgatorio [illegible] Probatur [illegible]
[illegible]
[illegible]
Probatur [illegible]
teneretur pati temporalia et mortem [illegible] pro salute aliorum

Sed cum defuncti existentes in purgatorio sint in [illegible] facta [illegible] non videtur quomodo non magis [satisfactio] eligerent pro parte ad[illegible] in purgatorio plus ad hoc ut aliorum salutem [illegible] procurarent cum in se [illegible] ad eligerent et multi eligebant

Item [illegible] ut in post [illegible] in prima de [illegible] libri 3. existentes in purgatorio orant [illegible] quod et [illegible] reductionem pene ipsorum releventur [illegible] plus quam [illegible] per [illegible] suffragia sed [illegible] magis [illegible] potuerunt [illegible] pena ipsorum et magis relevaretur.

Item [illegible] defuncti [illegible] cum [illegible] magis [illegible] videtur et [illegible] magis [illegible] defunctis [illegible] cum et [illegible] [illegible] [illegible] [illegible]

Thomas in compendio. Per virtutes cardinales rectificatur actus in omnibus viribus; nam prudentia rectificat rationem, fortitudo irascibilem, temperantia concupiscibilem, iustitia vero rectificat omnes vires simul, quia iustitia comprehendit virtutes ordinantes ad proximum, ut est caritas, liberalitas; et ordinantes ad se ipsum, sicut est poenitentia et modestia; et ordinantes ad deum, sicut est latria, pietas et obedientia; et propter hoc iustitia dicitur continere omnes virtutes, quia non tantum est virtus specialis sed generalis, comprehendens [illegible] virtutes.

Cum ipsa dicatur rectitudo voluntatis. Et per virtutes cardinales homo in operibus conservatur; et ideo vocantur cardinales, quia sicut dicitur quod conservant quoad se ipsum et quoad proximum [illegible]. Et hic dicitur quod homo armatur in prosperis per temperantiam et in adversis per fortitudinem. Et dicit Augustinus quod prudentia est in eligendo, fortitudo in tollerando, temperantia in utendo, iustitia in distribuendo. Et videtur quod prudentia est ~~eligendo fortitudo tollerando~~ in praecavendo insidiis, iustitia in subveniendo miseris, fortitudo in perferendo molestiis, temperantia in coercendo a delectationibus pravis. Et videtur dici in [illegible] sua quod succedat prudentia [illegible], fortitudini firmitas [illegible], temperantiae mensura delectationis, iustitiae debita ordinatio ad deum et ad proximum. Et iste quatuor virtutes vocantur cardinales quia sicut cardines [illegible] et cardine vita humana regitur et stabilitur in his. Vocantur politicae quia homines pollent [illegible] in vita civili, nisi divinitus infundantur. Dicuntur et humanae quia humano studio acquiruntur. Appellantur consuetudinales quia non in primo actu sed ex consuetudine nascuntur, ut quia honestas humana sicut magis in istis spectatur, sic et fortis devotio sicut magis spectatur in virtutibus theologicis.

Notandum quod prudentiae est scire quid possit, temperantiae non velle plus quam possit, fortitudinis est facere quod possit, iustitiae est nolle plus quam possit. Et virtutes sicut [illegible] perfectae sicut alie eas possidet perfectae aut perfectione [illegible]. Dicuntur enim iste virtutes quas politicae [illegible] regunt vitam hominis quoad opera exteriora, prout expugnat vitia, et hoc modo sunt incipientium purgatoriae dicuntur, sed quia iam sunt in victoria vitiorum [illegible] perfecti [illegible] et perfecti [illegible], et sic sunt perfectorum; dicuntur purgati animi sed quia iam [illegible] devictis vitiis quiescit homo ita quod [illegible] primi motus non surgunt. Sed [illegible] pertinet ad perfectos contemplativos, dicunt prout sunt in mente divina, [illegible] sic cum verum [illegible] ita et idea virtutum in ipso consistunt.

Notandum quod loquendo de bonitate hominis secundum theologos non sufficit hominem habere quatuor virtutes cardinales [illegible] ad hoc quod sit bonus, sed oportet ipsum habere virtutes theologicas, scilicet fidem, spem et caritatem, et secundum philosophos loquendo et [illegible] gentiles sive infideles merentur dici boni si sunt virtuosi et specialiter [illegible] virtutibus cardinalibus, sed loquendo theologice infideles non merentur dici boni quia non habent [illegible] et [illegible] sive virtutes et [illegible] quod oportet scilicet quod non sumus sufficientes ex nobis sed sufficientia et bonitas nostra ex deo est.

Notandum quod ut habet politica [illegible] est quod ad [illegible] cogitat et agit [illegible] dicitur et [illegible] verum velle et facere, ut [illegible] et [illegible] in mundo divinae contemplationis desiderio omnes cogitationes [illegible] divina [illegible] sed ut [illegible] purgati est sola divina nosse et ea tangere; [illegible] perfecta contemplatio sive ipsa mens divina [illegible] et capta. Partes prudentiae et tullius: intelligentia, providentia et memoria; intelligentia est per quam aliquid [illegible] quae sunt; providentia est per quam videtur aliquid futurum antequam factum sit; memoria est per quam repetit quod ea quae fuerunt. Et compendio [illegible] partes [illegible] et dispositionem [illegible] et vegetationem [illegible] et [illegible] futurorum [illegible] ultima [illegible] intelligentiae [illegible] consequendi [illegible] sunt [illegible] et [illegible] modestia [illegible] qui modestiam labia sua posuisse; [illegible] pone domine custodiam ori meo [illegible] et [illegible] aut [illegible] fuga mali et electio boni [illegible] declinare a malo et facere bonum. Et sic alia [illegible] pertinentia [illegible] humana et [illegible] divina [illegible] acquiruntur et [illegible] ~~[illegible]~~ [illegible] divinis

Sed hic fortissime potest tacere debes quod dicit quia et propter a temptationibus propulsandis
verum movet me dominus beatus augustinus libro de agone christiano ubi dicit
veritatem veneri et cum veritate occultat et quam mendacium dicit
et hereticos tu flatus et decernere falsis verbis.
Item et recordat beatus Jeronimus super ysaiam li. 1 dicens veritas id est verum
tam amplexum et quam ubi dicit omnis doctor qui asperitate
scripturarum propter quam potest auditores corripere vertit ad gratiam
et ita loquitur ut non corrigat sed delectet auditores.
verum sacrarum scripturarum violat atque suo corrumpit sensu
Vide Chrysostomus super matheum non solum proditor est veritatis qui
mendacium pro veritate loquitur sed qui non libere pronunciat veritatem
quam pronunciare oportet.
Hec itaque quia compellor et dicere prout recitatur id est quod scribit beatus bernardus
in li. de vita clericorum assumitur id est psalmus In labore hominum
non sunt et cum hominibus non flagellabuntur ubi loquitur sic Verum
cuncti status hominum aliquid laboris habent et aliquid voluptatis
clerici autem hic novo quodam artificio discernentes totum quod
delectat in singulis eligunt et totum quod molestat respuunt
A militibus accipiunt superbie fastum ampla familia equos
phaleratos et nobiles apparatus, a mulieribus de pendentes collo pelles
rubricatas vinum mollitiem balneum et [illegible] a rusticis
fructus agrorum horrea plena, sed bene cavent militum lorice pondus,
muliebre dolorem verecundiam. a rusticis fit agricole victum sibi
labore acquirunt. hii delicijs affluunt. et cum adveniente frumentum corpore
comprimunt sumptuaria corpora plena tritico et bibunt vinum vino meracissimum
et inde incrassantur impinguantur et dilatantur, sed quando surgere exigunt
homines quilibet in ordine suo, isti cum [illegible] resurgent, sic divites
volunt ad milites. ipsos confusi stabunt, sic cuncti homines a suis
finibus arcebunt eos. et isti qui in nullo fuerunt ordine ubi putas
collocabuntur, certe sicut alium locum sortiantur ubi nullus ordo sed
sempiternus horror inhabitat et sunt in laboribus demonum, qui
in laboribus hominum non fuerunt. hic etc.

Sed quia hec generali vocabulo ponit dicens fortassis aliquis simplicem

Adhuc loquente petro verba hec cecidit spiritus sanctus super
omnes qui audiebant verbum. Et obstupuerunt ex circumcisione fideles
qui venerant cum petro quia et in nationes gratia spiritus sancti effusa est. Audiebant enim
illos loquentes linguis et magnificantes deum. Tunc respondit petrus

In illo tempore recumbentibus illis undecim discipulis apparuit illis Ihesus et
exprobravit incredulitatem illorum et duritiam cordis, quia hiis qui viderant
eum resurrexisse non crediderunt. Et dixit eis: Euntes in mundum universum
predicate evangelium omni creature. Qui crediderit et baptizatus fuerit salvus
erit; qui vero non crediderit condempnabitur. Signa autem eos qui crediderint
hec sequentur: In nomine meo demonia eicient, linguis loquentur novis,
serpentes tollent, et si quid mortiferum biberint non eos nocebit. Super

Redde quod debes. Mathei xviij. Quia beatus Augustinus libro 4to de doctrina christiana capitulo penultimo dicit: Siue autem apud populum uel apud quoslibet iam iamque dicturus, siue quod apud populum dicendum uel ab eis qui uolunt aut poterunt legendum est dictaturus, oret ut deus sermonem bonum det in os eius. Sic [illegible] regina Hester pro sue gentis temporali salute locutura apud regem, ut in os eius deus congruum sermonem daret, quanto magis orare debet ut tale munus accipiat qui pro eterna hominum salute in uerbo et doctrina laborat. Hec ille. Nec solum debet orare qui ad loquendum se parat, sed et qui ad audiendum [illegible] [illegible] dicit libro predicto Augustinus: Illi qui dicturi sunt oret ut perficiat, et illi ad quos perficitur oret ut [illegible] dispositiones [illegible] in aliis hic dicit. Ex quibus euidenter patet quod omnes debemus reddere uota nostra deo, qui bonitatem et disciplinam [illegible] nos et scientiam docere dignaretur, tamquam magister suis credentibus, audientes sitientes et loquentes. Quod ut facilius possemus [illegible] ad aduocatam nostram genitricem saluatoris nostri Iesu Christi recurramus, ipsam cum Aue Maria suppliciter [illegible] angelica salutando.

Redde quod debes. [illegible] ubi supra. Augustinus ubi supra exponens sermonem uerbis de ipsum deum in euangelio [illegible] potest tu [illegible] opera et non condiciones uoluimus attendere, non [illegible] ut iuste ad quemlibet nostrum potest [illegible] dici nisi intelligi seu dici expresse, et hoc potest clarius persuaderi, cumque ad aliquid reddendum obligatur quilibet non [illegible] unus iuste potest ammoneri. Sed quilibet nostrum tenetur seu obligatur ad aliquid seu ad aliquid reddendum. Ergo quilibet nostrum non [illegible] iuste pro debito seu pro debitis reddendis potest ammoneri, et per consequens quilibet nostrum [illegible] et iuste dici potest: Redde quod debes. [illegible] non est dubium.

Sed primo [illegible] persuaderi sic: de iure naturali est debitum reddere. Patet quia [illegible] retinere et non reddere contra de iure naturali est ipsum recipere [illegible] [illegible] de iure naturali est quod [illegible] aliis facere quod sibi uult fieri [illegible] debitum reddere [illegible] facile potest clarere ex illo Mathei xx quod dominus dixit qui petebat plus quam ei debebatur: Amice non facio tibi iniuriam. Nonne ex denario conuenisti mecum? Tolle quod tuum est, quasi dicat: ego do tibi quod tibi debeo et illud tu [illegible] iuste tolle et [illegible] et non [illegible] quod tibi non debetur [illegible]

hoc epulis comedas. scribit alexander commentaries super primam partem summe doctrinalis et de ethiopibus
dicit sic fere dicens. Vertitur de consuetudine hominum esse quod advenientibus eis amicis, ut pater
et mater filiis ad parentes de aliquo labore seu itinere fatigatis, si habent in promptu aliqua
aliqua comestabilia vel potabilia quod si non habent statim providentes quam antiquam ipsi
proponunt hortantes quod eos ad comedendum et bibendum pro eorum restauratione ac deperditorum
recompensatione. Quod mater faciunt naturaliter erga filios qui de peregrinationibus expectere
sicut magis compassivi. Quod quidam naturali instinctu edocti adhuc et in mensa in spiritu
deinde quod per labores et fatigationes virtutes corporales deperdunt. carne defluunt. sicut spiritus
vitales per exalationem evanescunt. Et ob hoc huius consuetudinis exempla hominum tam veteri
testamento quam processerunt quam in novo ut invenitur legi quod tota fuit et extiterunt.
Sicud patet de melchisedech sacerdote qui abraham de labore pugne venienti
panem et vinum obtulit. sic vidua in sarepta elye licet aperiens eius post fatigationem
itineris panem subcinericium proponit. raguel tobie venienti cenam adaptavit
Et inter salvatoris nostri parabola filio prodigo venienti post vitulum saginatum
proximo eius occidi demandavit. ipsum salvatorem nostrum post labores et fatigationes

Et fortasse isti sunt qui attendentes tanti sacramenti excellenciam et dignitatem cum timore per sancti sunt ad susceptionem corporis ipsius minus curant disponere se indignos per tepiditatem ipsius indicantes ut dicit beatus Augustinus in libro quinquaginta omeliarum capitulo 21. qui dicit indignum se esse indignum per tepiditatem corporis et sanguinis domini. Et ergo talibus dicitur quod sumere intelligat sepius quia beatus Augustinus non vult quod ipse indicaret se indignum partime quia sic attendere facit contra sperantiam et peccatum. Sed dicit beatus Augustinus quod ipse non presumat de se et sumat nimis sed de gracia dei ad hoc ipsum disponentem ipsius tamen diligencia ad hoc cooperante et ergo intelligit hic indignum [illegible]. Sunt autem aliqui capiunt occasionem abstinendi a communione exemplo Augustini ad Januarium libro 1. dicentes de zecheo qui faciat unusquisque quod secundum suam fidem quod credit pie esse faciendum nec ille non audens honorando et ille non audens honorando non audens tamen deum permittens. Ideo tu tamen non vult eius ipse hic de per hoc cum non vult beatus Augustinus semper esse abstinendum sed interdum aliquando. Et ergo tales propterea qui non adhibent diligenciam ad hoc quod essent dispositi [illegible] [illegible] propterea per ipsum qui corporis et [illegible] propter magis et frequenter faciendum sunt specialiter attendant domini comminationem salvatoris nostri Jo[hannis] vi. dicentis nisi manducaveritis carnem filii hominis non habebitis vitam in vobis et ne dicatur eis illud mathei xxv. discedite a me maledicti in ignem eternum [illegible] et non [illegible] collegistis me. sacramentaliter non sumendo. Et ergo ne tales [illegible] per ignoranciam ob exactos se abstineant dicitur hoc. Demum notandum est quod quod monetur ne fideles compositioni communionem cessaverit quod non est cessandum. [illegible] fideles hoc tempore ut in alio per ecclesiam constituto et inducto ut dominum communionis teneantur se ad hoc sacramentum preparare potest tamen hoc aliud differre ad aliud tempus ex causa racionabili et hoc de consilio proprii sacerdotis et non propria fantasia seu auctoritate ut habetur per capitulum omnis utriusque sexus de penitentiis et remissionibus. Et ergo ultimus dicitur se communicare seu ab hoc abstinere propter sui indignitatem qua estimat se potius semper dicitur se preparare ut se hoc digne accedere possit sed fideliter confidendo de gracia dei et hoc vult beatus Augustinus tractatu ad nostrum [illegible]. panem nostrum cottidianum da nobis hodie. accipe cottidie quod tibi prosit et intelligere ad minus spiritualiter seu mistice quod cottidie tibi prosit sic vive ut cottidie merearis accipere. qui non meretur cottidie accipere non meretur post accipere et ergo dicit beatus Ambrosius [illegible] qui vulnus habet medicinam requirit vulnus est quod sub peccato sumus medicina est celeste et venerabile sacramentum

Ceterum sunt aliqui qui duce diversis temporibus ac mala consuetudine retardantes sacramenti [illegible] excellencia boni [illegible] voluntatem ipsorum ad se trahit quorum ad bonum appetitum ad se allicere non possunt. Ut preceptis et comminacione [illegible] et [illegible] [illegible] [illegible] [illegible] ex [illegible] [illegible] quod sunt tales [illegible] sed [illegible] [illegible] sacramenti [illegible] digne ut sepius per hoc ad [illegible] [illegible] [illegible] [illegible] qui [illegible] [illegible] [illegible] et hoc [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible]
